Forest Nursery Co.

McMinnville, Tenn.

Orders and Terms

ORDERS.—Write plainly and give **explicit directions** as to address and mode of shipment; otherwise we will forward **according to our best judgment**. All goods travel at purchaser's risk. **We assume no responsibility for the goods after delivery to the forwarding companies.**

We use every care to secure prompt delivery, but we are not liable for delays or damage in transit. Our responsibility in this respect ends upon delivery in good order to transportation company, but we will gladly render all the aid we can in case claim becomes necessary.

CLAIMS, to receive consideration, must be made **within ten (10) days of receipt of goods.**

GUARANTEE.—We are very careful to keep each variety true to name as labeled, and are ready at any time to replace, on proper proof, any that may prove otherwise, free of charge, or refund the amount paid, but it is mutually agreed between the purchaser and ourselves that we shall at no time be liable for an amount larger than the original purchase price.

TERMS.—Cash with order, unless otherwise arranged. Six per cent interest charge on overdue bills. Five plants at 10 rates; 50 at 100 rates.

All quotations in this list are net for the goods packed—no extra charges for packing and delivering to carriers here, unless otherwise agreed on. Customer pays carriage charges. If delayed, or lost on the road, notify us, and we will do all possible to get it through, or collect claim, but are not responsible for carrier's neglect. We advise Express Shipments, as cost is little more than Freight on small lots, and stock gets through quicker and safer. Light packages can go Parcel Post. We add postage to bill.

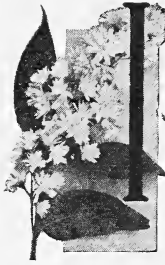

Everything is offered subject to being unsold on receipt of order and subject to shortage or failure of crops or other causes beyond control. By placing orders buyers are considered to agree with these terms.

Certificate of inspection will be sent with each shipment.

Members of The American, Southern, Southwestern, Western and Tennessee Associations of Nurserymen.

REFERENCE.—Dun or Bradstreets, any Bank or Business House in McMinnville.

A LITTLE PERSONAL CHAT WITH YOU

IN a business so peculiarly personal as that of the nurseryman, the element of confidence plays, perhaps, a more important part than in any other phase of business activity. Necessarily, it is the reputation of the seller that must count most with the buyer. Very largely, he purchases his trees and plants "sight unseen"; for until they begin to leaf out, and in the case of fruit trees, to bear, he has no visual evidence that what he has bought actually has been delivered.

With this vital matter of confidence in mind, a tabloid story of the origin and development of the Forest Nursery Company should be of interest and importance to newcomers among our customers. Those who have known and bought from "The Boyds" in the past—many for a long term of years—of course, have found the performance the very best evidence of the commanding position of this house in its field.

Mr. J. H. H. Boyd, the founder of our business, started gathering and selling wild tree seeds as far back as 1887. Soon after, he began nursery cultivation. He had the love of nature, the tireless spirit of research, investigation and experiment so essential to a form of endeavor in which accurate knowledge is everything. Our nationally-known business today shows the unmistakable stamp of his genius for his chosen work. His influence is woven, like a golden thread, into the very fabric of our business life.

With such an inspiring background, it is small wonder, that we, his successors, have brought to the task of carrying on Mr. Boyd's beloved enterprise, something vastly more than the mechanical application of business principles. As with him, it is a labor of love with us. The expansion of our operation has required a corresponding expansion of our organization. In addition to the sons of the founder, the staff of managers has been increased and the investment of capital augmented.

Today we have about 300 acres planted in shrubs, tree seedlings and evergreens. In addition to our own plantings, we have eighteen contract growers with approximately 200 acres planted. This is considerably our largest planting.

There are about fifty men on our payroll. Last year we paid out for labor over \$30,000.00, and for trees and wild seedlings about \$50,000.00. While concentrating as always on the propagation of the finest native trees and plants of Tennessee, we have added choice varieties from the four corners of the globe.

Regarding the supremacy of our native State as a source of superior nursery varieties, the following excerpts from the American Nurseryman will be of interest:

"Tennessee stands fifth in the rank of nursery producing States.

Tennessee has 352 nurseries, and her production of nursery stock has within the past seven years increased over 400 per cent."

We have an ideal location here at McMinnville, in Warren County—ready access to the native stock at its best, the right soil and ideal climatic conditions.

Nowadays the external setting of the home, its relation to and its harmony with its surroundings, is looked upon as just as important as the home itself. In fact, beauty and good taste in the vista that surround the "temple of our lives," have become part and parcel of the home spirit itself. Proper arrangement of flowering shrubs, evergreens and other decorative trees express the spirit of pride in the home for all the world to behold.

We feel that we are situated not only to uphold the ideals of the founder and the traditions of the business, but also, ever striving for betterment, to most happily unite the past and the future, in providing a nursery service second to none anywhere.

Wherever you live, whatever your requirements may be in nursery products, remember, we are here to satisfy you in every particular.

Sincerely yours,

FOREST NURSERY COMPANY,

F. C. Boyd, *President.*

R. S. Walling, *Vice-President.*

J. R. Boyd, *Secretary.*

D. P. Henegar, *Treasurer.*

A Choice Foundation Planting of Evergreens.

Ornamental Shrubs

flowers are scarce. There are not many mid-summer blooming shrubs. Altheas are the finest and showiest of them all. They are clean, healthy, hardy, free of all insect pests, grow readily and bloom freely almost anywhere and in all soils and situations. They represent a wide range of colors from pure white, through pink and red to dark purple and are both single and double. We grow a carefully selected list including the best.

Anemoeiflora. Large, double red blooms.

Amplissima. Double, rosy red; blooming early.

Ardens. A favorite variety with double, purplish blooms.

Boule de Feu. Fine double red.

Bicolor. Attractive double white with red markings.

Duc de Brabant. Double, dark red and blooms early.

Joan of Arc. Pure white and very double.

Lady Stanley. Semi-double, white, shaded with rose.

Pulcherimus. Flowers of variegated tints.

Paeoniflora. White, with cherry-red center, very free-flowering.

Totus Albus Simplex. Large, pure white, single blooms.

The garden is just as much a part of the home as the house is. It speaks the character and the quality of the inmates as truly as the house does. The garden is a sort of outward expression of the estimate a man puts upon himself; and usually a man is accepted upon his own estimate. The garden, too, adds to the happiness of the home quite as much as do the usual things of the house; more, for the plants are living things that mean companionship and for the care bestowed upon them, they smile their appreciation.

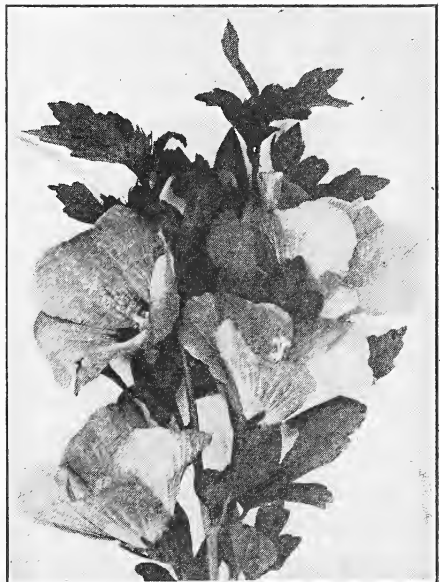

The hardy Shrubs include so wide a range of plants as to supply every need of the garden and to fit every place and situation. A careful selection will give you flowers from earliest spring until fall. The Altheas, for example, include many shades of color and they thrive and bloom through the hottest, driest part of the summer. Spirea Vanhoutte, Hydrangea and Barberry make handsome hedges; planted around the porch they add beauty to any house. The taller-growing shrubs like Mock Orange, Privet and the Dogwoods, make good screens to hide unsightly objects. If you wish to consult us about suitable varieties, give us a rough sketch of your house and grounds, locating the different objects, and we will gladly recommend the best things to serve each purpose.

Apart from your own enjoyment of beautiful things, there is the practical consideration to be remembered, that no investment adds so much to the rent or sale value of a place, as well-planted grounds. It is an investment that increases in value from year to year and yields yearly dividends in color and fragrance and beauty for your own enjoyment.

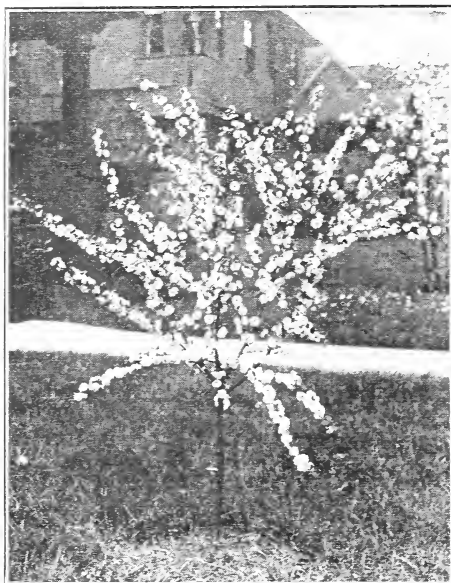

ALMOND. Double-flowering—not fruiting. Small shrubs whose upright branches are literally covered their entire length in earliest spring before the leaves appear, with blooms like small roses. Plant for early bloom.

	Price.....	Per 100	Per 10	Each

ALTHEA. Rose of Sharon. For the South, the Altheas are ideal flowering shrubs because during the hot, dry season and always from the middle of July till September, they are filled with bloom. They flower when

Althea.

Double Flowering Plum.

ARALIA PENTAPHYLLA. Strong-growing, upright and making a small tree in time. Abundant foliage. Grows in most difficult situations and is suitable for rocky slopes. Good for dense grouping.

Price.....	Per 100	Per 10	Each
18 to 24 in.....	\$25.00	\$3.00	\$0.40
2 to 3 ft.....	5.00		.80

ARONIA ARBUTIFOLIA. Chokeberry. An attractive and perfectly hardy shrub with particularly attractive foliage, pale green, coloring to vivid red in the fall. Inconspicuous white flowers followed by lasting, berry-like fruits. Prefers a moist location, but succeeds well in good dry soil.

Price.....	Per 100	Per 10	Each
18 to 24 in.....	\$18.00	\$2.00	\$0.25
2 to 3 ft.....	25.00	3.00	.35

ARONIA NIGRA. Black Chokeberry. A rather dwarf shrub rarely reaching six feet. The small flowers are slightly tinged with red and its fruits are attractive shiny, jet black.

Price.....	Per 100	Per 10	Each
18 to 24 in.....	\$18.00	\$2.00	\$0.25
2 to 3 ft.....	25.00	3.00	.35

JAPANESE BARBERRY. *Berberis thunbergii.* A plant of many uses and varied attractions. It is beautiful every month in the year. In spring, the leaves are bright green, turning to deeper green in summer. In the fall, the leaves take on all the autumn colors of red and yellow and bronze. The small, inconspicuous flowers are fragrant; they are followed by berries that ripen a bright red and hang on nearly all winter. Barberry leaves will stand the heat and dust of summer. It makes a first-rate low hedge, works attractively into foundation and porch plantings of shrubs and is attractive enough to stand alone, although at its best in group plantings. The Japanese Barberry is the one that does not harbor wheat-rust; it is perfectly harmless. And healthy and hardy, it grows anywhere, in any soil.

Price.....	Per 100	Per 10	Each
12 to 18 in.....	\$15.00	\$2.00	\$0.25
18 to 24 in.....	25.00	3.50	.40
2 to 3 ft.....	5.00		.60

BUTTERFLY BUSH. *Buddleia.* One of the most desirable summer-flowering shrubs. It dies down to the ground in winter, but each spring throws out four to five-foot stems in numbers, making a bushy plant covered from July until frost with delicate lilac-like flowers of dainty beauty and fragrance, attracting so many butterflies as to give it the

common name. The cool, pale blue color and the constant blooming habit, make this one of the best shrubs for Southern gardens. It is equally suitable in the North and succeeds anywhere. Should be in every garden.

Price.....	Per 100	Per 10	Each
18 to 24 in.....	\$25.00	\$3.00	\$0.35
2 to 3 ft.....	35.00	4.00	.45

CALICARPA. Valuable for its lovely purple berries borne in clusters along the branches; handsome the fall and early winter. A native shrub of great beauty. These berry-bearing plants are becoming more and more popular, adding new and unusual beauty to the garden in the season when color is needed. Should be more widely planted.

Price.....	Per 100	Per 10	Each
12 to 18 in.....	\$15.00	\$1.75	\$0.20
18 to 24 in.....	20.00	2.50	.30
2 to 3 ft.....	30.00	3.50	.40

CALYCANTHUS. Sweet Shrub. A neat and compact bush with large, handsome leaves and small double purple blossoms of rare, banana-like fragrance. Another of our fine native plants worth a place in every garden.

Price.....	Per 100	Per 10	Each
18 to 24 in.....	\$18.00	\$2.00	\$0.25
2 to 3 ft.....	25.00	3.00	.35

CEANOTHUS AMERICANUS. A shrub that is at home in dry soils. Numerous small white flowers in dense panicles entirely covering the foliage.

Price.....	Per 100	Per 10	Each
12 to 18 in.....	\$12.00	\$1.50	\$0.20
18 to 24 in.....	15.00	2.00	.25

CHIONANTHUS VIRGINICA. White Fringe. A large, very ornamental native tree-like shrub, covered in early April with pure white flowers in long, fringe-like effect. A shrub of unusual beauty.

Price.....	Per 100	Per 10	Each
18 to 24 in.....	\$22.50	\$2.50	\$0.30
2 to 3 ft.....		3.50	.40

COMPTONIA ASPLENIFOLIA. Sweet Fern. A low shrub with fern-like fragrant foliage, well adapted for massing on rocky banks and sandy stretches. Hardy and very ornamental.

Price.....	Per 100	Per 10	Each
12 to 18 in.....	\$12.00	\$1.50	\$0.20
18 to 24 in.....	15.00	2.00	.25

Japanese Barberry.

Butterfly Bush.

CREPE MYRTLE. *Lagerstroemia indica*. Nobody in the South needs to be told about the universal Crepe Myrtle; it is seen everywhere and is in Southern gardens, what the Lilac is in the North. In time, it makes a considerable tree. The flowers are daintily fringed and borne in immense panicles; they appear in May and continue all through the summer. We offer both the Crimson and the Pink.

Price.....	Per 100	Per 10	Each
18 to 24 in.....	\$35.00	\$4.00	\$0.50
2 to 3 ft.....	7.00	.80	
3 to 4 ft.....	10.00	1.25	

JAPAN QUINCE. *Cydonia japonica*. One of the earliest heralds of spring, its great splash of scarlet color marking the final departure of winter. The impatient blooms are out before the leaves appear: dainty, single blooms covering the branches with dazzling red. The leaves are glossy green. It bears, but the fruits are not edible. Valuable for early blooming and bright color.

Price.....	Per 100	Per 10	Each
18 to 24 in.....	\$35.00	\$4.00	\$0.50
2 to 3 ft.....	7.00	.80	
3 to 4 ft.....	10.00	1.25	

CLETHRA ALNIFOLIA. Sweet Pepper Bush. A pretty little plant that blooms freely for several weeks in summer; very fragrant white flowers in spikes.

Price.....	Per 100	Per 10	Each
18 to 24 in.....	\$35.00	\$4.00	\$0.50
2 to 3 ft.....	7.00	.80	

CORNUS. The Shubby Dogwoods. These plants are especially valuable for the colored berries in fall and winter and for the high coloring of the bark. All have good foliage, too. Another point is that they all thrive in shade. Fine for grouping.

CORNUS AMOMUM. Silky Dogwood. White flowers in June, blue berries later and dull red bark.

Price.....	Per 100	Per 10	Each
2 to 3 ft.....	\$25.00	\$3.00	\$0.35
3 to 4 ft.....	30.00	3.50	.40

CORNUS SIBERICA. The branches are bright red, very attractive in winter.

Price.....	Per 100	Per 10	Each
18 to 24 in., branched.....	\$22.50	\$2.50	\$0.30
2 to 3 ft., branched.....	3.50	.40	

CORNUS LUTEA. Yellow Stemmed Dogwood. With golden yellow branches, affording striking contrast to the others.

Price.....	Per 100	Per 10	Each
18 to 24 in.....	\$22.50	\$2.50	\$0.30
2 to 3 ft.....	3.50	.40	

CORNUS STOLONIFERA. Red Osier Dogwood. Heavily branched and spreading, with small white flowers and white berries lasting into winter. The bark is bright red and very striking.

Price.....	Per 100	Per 10	Each
18 to 24 in.....	\$15.00	\$2.00	\$0.25
2 to 3 ft.....	20.00	2.50	.30
3 to 4 ft.....	25.00	3.00	.35

DEUTZIAS. Valuable shrubs growing well in all kinds of soils and situations, varying considerably in size and habit, but blooming alike in dainty bell or tassel-shaped flowers borne thickly in wreaths along the branches in June. The taller sorts are useful for specimens, groups and the background of shrubberies; the dwarfier, for borders or for planting near the house. All are healthy, sturdy growers with good foliage.

DEUTZIA CRENATA. Desirable for general planting; flowers borne in spring, in three to five inch trusses. Always satisfactory.

Price.....	Per 100	Per 10	Each
18 to 24 in.....	\$15.00	\$2.00	\$0.25
2 to 3 ft.....	20.00	3.00	.35

DEUTZIA CANDIDISSIMA. Upright-growing, with fine foliage and pure white, double flowers.

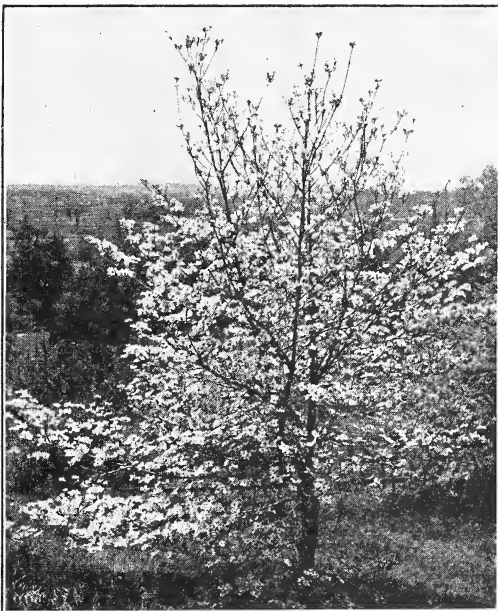

Price.....	Per 100	Per 10	Each
18 to 24 in.....	\$15.00	\$2.00	\$0.25
2 to 3 ft.....	20.00	3.00	.35

DEUTZIA PRIDE OF ROCHESTER. One of the very best. Strong, upright-growing, with double white blooms, the outer petals tinged with pink, flowering in mid-June.

Price.....	Per 100	Per 10	Each
18 to 24 in.....	\$15.00	\$2.00	\$0.25
2 to 3 ft.....	20.00	3.00	.35

ELDER. *Sambucus canadensis*. The well-known native Elder Berry. A tall shrub with stout branches filled with pith. The small white flowers come in broad, flat heads, fragrant, opening in June. The fruit is black, ripening in August and September, and borne in great quantities. Grows to six or eight feet tall. In countries where they do not have prohibition, Elderberries are said to be used for making wine of excellent quality and possessing medicinal qualities that correct stomach disorders. The bushes are most attractive with beauty in foliage, in bloom and in fruit.

Price.....	Per 100	Per 10	Each
12 to 18 in.....	\$12.00	\$1.50	\$0.20
18 to 24 in.....	15.00	2.00	.25
2 to 3 ft.....	18.00	2.50	.30

Cornus Stolonifera (Dogwood).

Deutzia, Pride of Rochester.

SAMBUCUS AUREA. Golden Elder. Attractive throughout the season, making a fine contrast to the green-leaved shrubs; probably the favorite golden-leaved shrub because it retains its color all summer.

Price.....	Per 100	Per 10	Each
18 to 24 in.....	\$3.00	\$0.35	
2 to 3 ft.....	4.00	.50	

EUONYMUS JAPONICUS. See Evergreen Shrubs.

EUONYMUS AMERICANA. With long, slender branches and bright green leaves. The rich pink fruits are concealed in a scarlet pod.

Price.....	Per 100	Per 10	Each
18 to 24 in.....	\$10.00	\$1.25	\$0.15
2 to 3 ft.....	18.00	2.00	.25

EXOCHORDA GRANDIFLORA. Pearl Bush. A beautiful Chinese shrub with large, star-shaped, pure white flowers in May and good foliage throughout the season.

Price.....	Per 100	Per 10	Each
18 to 24 in.....	\$25.00	\$3.50	\$0.40
2 to 3 ft.....	6.00	.75	
3 to 4 ft.....	8.00	1.00	

FORSYTHIAS. An interesting group, distinct and unique. They are among the first to bloom and their bright yellow flowers seem the very spirit of spring, opening before the leaves appear. They attain an ultimate height of eight or ten feet. The leaves are especially rich green.

Intermedia. The earliest to bloom and bears more flowers than any other variety.

Veridissima. The foliage is brilliant green and the bark green, too. Yellow flowers like all the Forsythias.

Fortunei. Upright and often planted as a single specimen.

Suspensa. Very long, curving branches, superbly adapted for covering arches and trellises. It can be stapled and made to cover walls.

Price for all Forsythias.....	Per 100	Per 10	Each
18 to 24 in., branched.....	\$22.50	\$2.50	\$0.30
2 to 3 ft., branched.....	3.50	.40	
3 to 4 ft.....	4.00	.50	

HONEYSUCKLES. *Lonicera.* This group includes only the Bush Honeysuckles, not the climbing vines. The Bush Honeysuckles are upright and bushy, with small fragrant flowers followed by showy berries that last throughout the fall. They make very desirable and attractive hedges.

Bella Albida. A handsome new hybrid of strong growth, and white, sweet-scented flowers and bright red berries.

Fragrantissima. The earliest to bloom, with small, delicately sweet pale pink flowers. The leaves are bright green and in sheltered situations, last nearly all winter.

Red Tartarian. Blooms in May, with small, bright pink flowers.

White Tartarian. Blooms in May, with small, bright pink flowers.

White Tartarian. Like the foregoing, but with white flowers.

Morrowi. One of the handsomest. Grows to five or six feet, with white flowers and exceptionally good foliage; can be kept trimmed and made into a compact hedge. Has bright red berries lasting till late fall.

Prices for all Bush Honey-

suckles.....	Per 100	Per 10	Each
12 to 18 in.....	\$10.00	\$1.50	\$0.20
18 to 24 in.....	15.00	2.00	.25
2 to 3 ft.....	20.00	2.50	.30

HYDRANGEAS. A group of many types, all valuable and useful in many ways.

Hydrangea Arborescens. American Hydrangea. An attractive upright shrub growing to a height of four to six feet with white flowers in flat heads in early summer. Large, light green leaves. A native plant of the mountains and ideal for garden use. Very hardy.

Price.....	Per 100	Per 10	Each
18 to 24 in., transplanted.....	\$25.00	\$3.00	\$0.35
2 to 3 ft., transplanted.....	30.00	3.50	.40

Hydrangea Arborescens Grandiflora. Also known as "Snowball Hydrangea," "Hills of Snow" and "American Everblooming Hydrangea." Round heads of snowy white blooms in great profusion from early June to late September. Succeeds anywhere, but does best in a moist, shady situation. Especially valuable for its early blooming season. Very hardy.

Price.....	Per 100	Per 10	Each
18 to 24 in.....	\$25.00	\$4.00	\$0.45
2 to 3 ft.....	30.00	5.00	.60

Exochorda Grandiflora (Pearl Bush).

Honeysuckle.

Hydrangea Paniculata Grandiflora. Individual flowers of the largest size, creamy-white turning in late summer to pink. The blooms are very lasting, and if cut and taken into the house, they become dry without losing either size or color, and make handsome house decorations for the winter. Begins blooming mid-July, the flowers remaining and new ones being added till late October. Very hardy.

Price.....	Per 100	Per 10	Each
12 to 18 in.....	\$18.00	\$2.00	\$0.25
18 to 24 in.....	25.00	4.00	.45
2 to 3 ft.....		5.00	.60

Hydrangea Quercifolia. Oak-leaved Hydrangea. Flat white flowers in clusters. A unique charm is the foliage: large, oak-like leaves, dark green above and silvery underneath, turning, in the fall, to glowing red. Makes an attractive, spreading shrub, fine for massed effects.

Price.....	Per 100	Per 10	Each
12 to 18 in.....	\$22.50	\$2.50	\$0.30
18 to 24 in.....	30.00	4.00	.45
2 to 3 ft.....	35.00	5.00	.60

HAMAMELIS. Witch Hazel. A hardy shrub of large size, growing to 10 to 15 feet high, with singular bright yellow flowers in the late fall often after frost has killed the leaves. Valuable, therefore, for its extremely late blooming season.

Price.....	Per 100	Per 10	Each
18 to 24 in.....	\$15.00	\$2.00	\$0.30
2 to 3 ft.....	20.00	3.00	.40
3 to 4 ft.....		5.00	.60

HYPERICUM. St. John's Wort. A bushy, low-growing shrub with many golden yellow flowers in summer. Useful in borders or where low growth is wanted.

Price.....	Per 100	Per 10	Each
18 to 24 in.....	\$25.00	\$3.00	\$0.35
2 to 3 ft.....	35.00	4.00	.45

CAPE JASMINE. *Gardenia florida.* A glorious plant for the South. Grown in Northern hothouses, it rivals the Camellia. Wherever hardy in the South, it should be freely planted for the single specimens effect, for grouping, for foundation plantings and

for hedging. The leaves are large and lustrous; the flowers of waxlike texture, pure white and heavily fragrant.

Price.....	Per 100	Per 10	Each
12 to 18 in., transplanted.....	\$6.00	\$0.75	
18 to 24 in., transplanted.....	8.00	1.00	

JASMINUM OFFICINALE. A graceful, vine-like shrub with numerous trailing branches with dark green glossy leaves and showy, fragrant, small white flowers.

Price.....	Per 100	Per 10	Each
One-year plants.....	\$30.00	\$3.50	\$0.40
Two-year plants.....	40.00	5.00	.60

LINDERA BENZOIN. Spice Bush. An early-flowering shrub growing natural in Tennessee. Hardy. Leaves bright green, fading, in the fall, to intense yellow. The flowers are yellow and appear in early spring before the leaves. Has scarlet berries in late summer and early fall. Grows to a height of from 6 to 10 feet according to conditions.

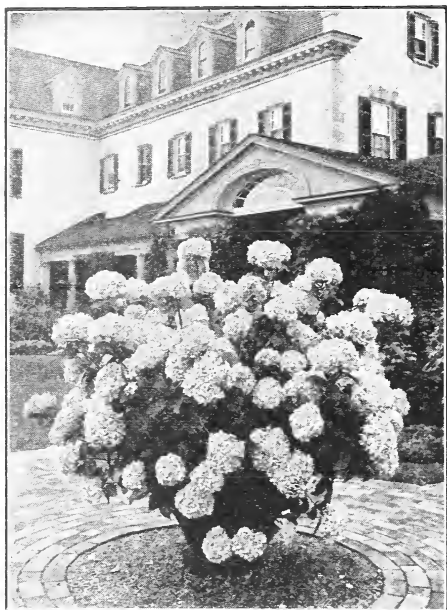

Price.....	Per 100	Per 10	Each
18 to 24 in.....	\$18.00	\$2.00	\$0.25
2 to 3 ft.....	25.00	3.00	.35

PRIVET. *Ligustrum.* A numerous group of plants containing many beautiful varieties. They all have dainty, white, fragrant flowers followed by colored berries. They are handsome enough to stand singly, but are better in groups where the differences in size of the various varieties, give room for fine grouping and in combination with other plants. The California Privet, allowed to grow naturally, will make a tall screen or fence and is admirably adapted for such use.

But it is as a hedge plant that Privet is pre-eminent. It is more largely used than all other hedge plants together, and in every section of the country. Privet has a tendency to throw many shoots—more than any other shrub; cut back closely, it throws up a mass of growth which bears shearing perfectly. A Privet hedge can be kept at any height: low or tall; and regular shearing will preserve a perfectly even surface, wall-like on the sides and on top, so dense as to support a man lying on it.

Forsythia.

**Hydrangea.**

The leaves of all the Privets are abundant and rich green; that of California Privet being very glossy and holding its rich color under all conditions. In the South and except in the extreme North, it is practically evergreen as are nearly all the Privets. They succeed in almost any soil. Old, neglected hedges can be cut to the ground and yet throw up new growth that can be sheared into a perfect hedge. And the growth is faster than that of any other plant.

A single row of plants will make a good hedge; yet a fuller and more compact one can be made by planting two rows zig-zag, with the plants at the apexes of, say, eight-inch triangles. When set out, the plants should be cut back to a few inches; or they may be allowed to grow one year and should then be cut down close to the ground; they will make a hedge all the better for it, and bushy right to the ground. The next spring, they should be cut back to six or eight inches and branched; this repeated, will force a dense growth, widely branching. Nothing makes so fine, so compact and so regular a hedge. The clipping shears can make the sides as smooth as a board and impenetrably thick. Do not let the roots dry; puddle when unpacked and plant at once.

AMUR RIVER PRIVET NORTH. This variety drops its leaves, but it is very hardy and is widely used in the North where the California Privet sometimes gets killed down. Makes a fine hedge.

Price.....	Per 100	Per 10	Each
12 to 18 in.....	\$ 6.00	\$0.80	\$0.10
18 to 24 in., branched....	8.00	1.00	.12
2 to 3 ft., branched.....	10.00	1.25	.15

AMUR RIVER PRIVET SOUTH. Southern Evergreen Privet. Most popular hedge plant in the South. Rich, dark green foliage, compact growth, perfectly hardy as far north as Kentucky, makes a good hedge in one year.

Price.....	Per 100	Per 10	Each
18 to 24 in., Seedlings, 1 yr.	\$ 4.00	\$0.60	\$0.08
18 to 24 in., branched, 2 yrs.	6.00	.80	.10
2 to 3 ft., branched, 2 yrs.	7.50	1.00	.12
3 to 4 ft., branched 2 yrs. heavy.....	10.00	1.25	.15

CALIFORNIA PRIVET. Thick, glossy green foliage, nearly evergreen. Makes a beautiful hedge or is good planted singly.

Price.....	Per 100	Per 10	Each
12 to 18 in.....	\$ 5.00	\$0.60	\$0.07
18 to 24 in., branched....	7.00	.80	.10
2 to 3 ft., branched.....	8.00	1.00	.12

IBOTA PRIVET. A Japanese variety of the most beautiful character: dark, oval foliage and white, fragrant flowers. One of our best hardy hedge plants.

Price.....	Per 100	Per 10	Each
12 to 18 in.....	\$ 6.00	\$0.80	\$0.10
18 to 24 in., branched.....	8.00	1.00	.12
2 to 3 feet, branched.....	10.00	1.25	.15

LILACS. Best loved of all the old-time garden shrubs, whose flowers never fail to charm with their delicate beauty nor refresh with their tender fragrance.

Purple. The well-known old garden favorite.

White. The same, with pure white blooms.

Rothomagensis. Strong, vigorous growth, small, narrow leaves and fragrant flowers, deep lilac in long, loose panicles.

Price.....	Per 100	Per 10	Each
12 to 18 in.....	\$15.00	\$2.00	\$0.25
18 to 24 in.....	25.00	3.00	.35
2 to 3 ft.....	35.00	4.00	.50

SYRINGA. Philadelphus. Mock Orange. Generally upright growing shrub with white flowers, usually single, sometimes half double. Good foliage and very beautiful in bloom.

Coronarius. The true Mock Orange. Flowers are small, single and deliciously fragrant; the sweetest of all Reaches 8 or 10 feet ultimately.

Gordonianus. Large white flowers, appearing later than those of most varieties, therefore valuable as lengthening the flowering season.

Mont Blanc. Noticeable for its great profusion of bloom, literally covering the plant.

Price for any of the above Philadelphus:

Price.....	Per 100	Per 10	Each
12 to 18.....	\$15.00	\$2.00	\$0.25
18 to 24 in.....	25.00	3.00	.35
2 to 3 ft.....	35.00	4.00	.50

BUCKTHORN. Rhamnus crathclicus. The common, native, hardy Buckthorn, with handsome foliage and showy berries; usually grows to 6 to 10 feet.

Price.....	Per 100	Per 10	Each
2 to 3 ft., transplanted.....	\$20.00	\$2.50	\$0.30
3 to 4 ft., transplanted.....	25.00	3.00	.35

WHITE KERRIA. Rhodotypos kerrioides. A quite distinct plant and very attractive, with bright green leaves and pure white flowers in late spring, and black berries that hang all winter. Grows to 4 or 5 feet. Coming a little later than most of the early spring flowers, makes it especially valuable.

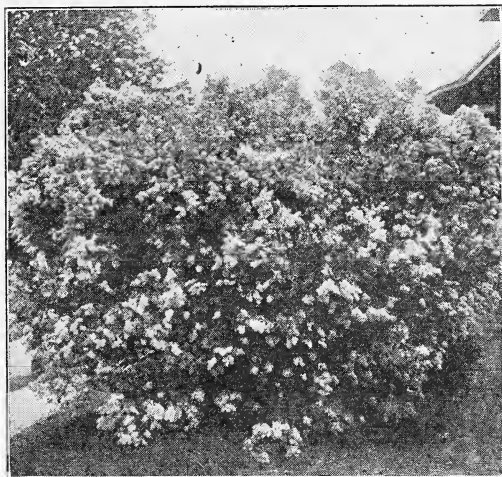

Price.....	Per 100	Per 10	Each
12 to 18 in.....	\$25.00	\$2.50	\$0.30
18 to 24 in.....	35.00	4.00	.40
2 to 3 ft.....	45.00	5.00	.50

SPIREA. One of the most desirable groups of plants. The great variety of sizes and shapes, the riotous extravagance of their bloom and the season they cover, from early to late, some being everblooming, give them a place hardly equalled by any other single group. They are much used for hedges, borders, specimens and massing.

Anthony Waterer. A low-growing, dwarf, very bushy plant that bears small heads of bright crimson flowers all during the summer.

Price.....	Per 100	Per 10	Each
12 to 18 in.....	\$25.00	\$4.00	\$0.50
18 to 24 in.....	40.00	6.00	.75

**California Privet.**

Purple Lilac.

Billardi. Makes a narrow, thick shrub 6 feet high, bright with dense panicles of rich pink flowers from July on.

Billardi Alba. Similar to the last named, except that the flowers are white.

Price for either of the last two above.

	Per 100	Per 10	Each
12 to 18 in.....	\$18.00	\$2.00	\$0.25
18 to 24 in.....	25.00	3.00	.35
2 to 3 ft.....	30.00	3.50	.40

Callosa Rosea. Dense, low-growing bushes with rose colored flowers in small, flat heads; grows freely and blooms nearly all summer.

	Per 100	Per 10	Each
18 to 24 in.....	\$15.00	\$2.00	\$0.25
2 to 3 ft.....	20.00	2.50	.30

Opulifolia. Ninebark. Very vigorous and upright, with clusters of flat flowers followed by red berries.

Opulifolia Aurea. Similar to the foregoing, but with golden yellow leaves.

Price for either of the last two:

	Per 100	Per 10	Each
18 to 24 in.....	\$15.00	\$2.00	\$0.25
2 to 3 ft.....	20.00	2.50	.30

Prunifolia. Northern Bridal Wreath. Of strong, irregular growth, with small, round, shining leaves coloring in autumn and diminutive, very double, rose-like white flowers in great abundance in May.

	Per 100	Per 10	Each
18 to 24 in.....	\$20.00	\$2.50	\$0.30
2 to 3 ft.....	25.00	3.00	.35

Reevesiana. Throwing out long branches that curve gracefully and covered with clusters of double white flowers.

12 to 24 in. Price: per 100, \$15.00; per 10, \$2.00; each, 25c.

2 to 3 ft. Price: per 100, \$20.00; per 10, \$2.50; each, 30c.

Thunbergi. A low, bushy plant with very small delicate leaves in great abundance and small, star-like flowers in such profusion that in early spring the plant looks like a mass of snow. In the fall, the leaves color up. Ideal for a low, ornamental hedge, or border.

18 to 14 in. Price: per 100, \$20.00; per 10, \$2.50; each, 30c.

2 to 3 ft. Price: per 100, \$25.00; per 10, \$3.00; each, 35c.

Van houtte. Without doubt, the finest of all the Spiraeas and one of the most useful shrubs in cultivation. Blooming in early spring, the plant throws out long branches that curve and droop to the ground, weighted with a mass of pure white flowers that suggest a fountain of snow. Fine for hedges; ideal for porch planting; blends in groups and stands alone, a beautiful sight on the lawn. More are planted than of any other flowering shrub.

	Per 100	Per 10	Each
18 to 24 in.....	\$15.00	\$2.00	\$0.25
2 to 3 ft.....	25.00	3.00	.35
3 to 4 ft.....	35.00	4.00	.50

STAPHYLEA. American Bladder nut. A vigorous shrub with stout, upright branches, bright green leaves and white flowers.

	Per 100	Per 10	Each
12 to 18 in.....	\$17.50	\$2.00	\$0.25
18 to 24 in.....	20.00	2.50	.30
2 to 3 ft.....	30.00	3.50	.40

STEPHANANDRA FLEXUOSA. An attractive 3-foot shrub especially suitable for borders of other shrubs and rocky banks. Branches angular, even zigzagged, with handsome lobed leaves which turn to purplish red, and attractive white flowers in June.

	Per 100	Per 10	Each
One-year plants.....	\$25.00	\$3.00	\$0.35
Two-year plants.....	30.00	3.50	.40

SNOWBERRY. *Symphoricarpos racemosus.* Those who plan gardens, ought to give more thought to the wonderful beauty of the berry-bearing plants. This is one of the best. A shrub that grows to 5 or 6 feet and has small pink flowers; but its great attraction is the large, milk-white berries that form after the flowers drop; the berries last until mid-winter. They add a mighty attractive feature to the garden. All berry-bearing plants do. Plant more of them.

	Per 100	Per 10	Each
18 to 24 in.....	\$20.00	\$2.50	\$0.30
2 to 3 ft.....	30.00	3.50	.40

INDIAN CURRANT. *Symphoricarpos vulgaris.* This is the Red-fruited Snowberry. A small plant whose slender branches are covered with small purple berries that are very bright and showy and last all winter. The birds will come and stay with you and enjoy these berries as much as you do.

	Per 100	Per 10	Each
18 to 24 in.....	\$15.00	\$2.00	\$0.25
2 to 3 ft.....	20.00	2.50	.30

TAMARIX. An irregular, spreading, tree-like shrub, growing to 6 or 8 feet, with thread-like foliage, bluish-grey and very handsome and delicate. The pink blossoms appear in early summer. Will grow in dry soils.

	Per 100	Per 10	Each
18 to 24 in.....	\$2.00	\$0.25	
2 to 3 ft.....	3.00		.35

TAXODIUM DISTICHUM. Common Bald Cypress. This tree grows in a pyramidal shape. Very shapely tree. Foliage light green and feathery. Splendid lawn tree.

	Per 100	Per 10	Each
18 to 24 in.....	\$30.00	\$3.50	\$0.40
2 to 3 ft.....	45.00	5.00	.60

A Crepe Myrtle Bordered Drive.

Spiraea Vanhouttei

VIBURNUM. This family includes the familiar Snowballs. They are all hardy, have unusually rich, glossy, abundant leaves and are especially free from attacks of injurious insects. They are invaluable in landscape work, in massed plantings, in borders and groups and useful everywhere. Most of these varieties will grow satisfactorily in shaded places, but of course, will do better in the open sunlight. Beautiful autumnal coloring heightens the attractiveness of the leaves of some varieties, while others have the added beauty of ornamental berries.

Viburnum Acerifolium. Slender branches, maple-like leaves, creamy white flowers in late spring and black berries following. Grows 3 to 5 feet high.

Price.....	Per 100	Per 10	Each
18 to 24 in.....	\$2.00	\$0.25	
2 to 3 ft.....	3.50	.40	
3 to 4 ft.....	5.00	.60	

Viburnum Dentatum. Arrowwood. Bright green, heart-shaped leaves that turn to red and purple. The flowers, in May and June, are creamy white. Grows to 8 to 12 feet. A fine shrub for massing in large groups.

Price.....	Per 100	Per 10	Each
18 to 24 in.....	\$2.00	\$0.25	
2 to 3 ft.....	3.50	.40	
3 to 4 ft.....	5.00	.60	

Viburnum Nudum. One of our hardy native shrubs, tall, upright, with slender branches, usually growing to 8 or 10 feet. Flowers, creamy or yellow-white in broad heads. Berries, pink, changing to blue.

Price.....	Per 100	Per 10	Each
18 to 24 in.....	\$2.00	\$0.25	
2 to 3 ft.....	3.50	.40	
3 to 4 ft.....	5.00	.60	

Viburnum Opulus. High Bush Cranberry. A tall shrub with upright spreading branches, 8 to 10 feet tall, widely distributed in the Northern Hemisphere. Leaves broadly ovate, 3-lobed, bright green. Flowers white, disposed in flat-topped clusters in late spring and early summer. Berries scarlet, persisting all winter, very showy.

Price.....	Per 100	Per 10	Each
12 to 18 in....	\$20.00	\$3.00	\$0.40
18 to 24 in....	5.00	.60	
2 to 3 ft....	8.00	1.00	

Viburnum Prunifolium. Our native Black Haw. A large shrub, almost a small tree, with large, oval leaves that color brilliantly in the fall. The pure white flowers are followed by bluish-black fruit. The fruits are edible and your boy knows about them. Plant a few for the youngsters.

Price.....	Per 100	Per 10	Each
18 to 24 in....	\$3.00	\$0.40	
2 to 3 ft.....	5.00	.60	
3 to 4 ft.....	6.00	.75	

Viburnum Plicatum. Japanese Snowball. One of the handsomest plants grown. It makes a well-shaped, dense bush 6 to 8 feet high, covered in spring with pure white, waxy flowers in perfectly round balls—just like snowballs; and these, with their background of rich, lustrous, fluted leaves, make a great sight in the garden. The leaves are always bright and clean.

Price.....	Per 100	Per 10	Each
12 to 18 in.....	\$3.00	\$0.40	
18 to 24 in.....	5.00	.60	
2 to 3 ft.....	8.00	1.00	

VITEA AGNUS CASTUS. Chaste Tree. A tall-growing shrub with extremely showy dark green leaves. Flowers in large spikes of delicate blue flowers with a spicy fragrance, in mid-summer. Remember, that most shrubs bloom in early spring; those blooming in mid-summer, when flowers are scarce, are not to be overlooked. Plants with blue flowers are cooling in their effect, too.

Price.....	Per 100	Per 10	Each
12 to 18 in....	\$10.00	\$2.50	\$0.30
18 to 24 in....	15.00	3.50	.40
2 to 3 ft....	20.00	4.50	.50

SUMAC. The Sumacs nearly all have wonderfully colored leaves in the fall and are highly prized for that attraction; their bright red leaves make a great show in the fall, throwing marvelous splashes of color against the landscape. Being rather large-growing, they fit best into broad groupings and tall backgrounds.

Rhus Aromatica. Fragrant Sumac. A short, branching shrub, from 3 to 6 feet tall, with striking leaves and yellow flowers in clusters along the stems. The red berries mature in June and in the fall, the foliage is a riot of brilliant scarlet. Handsome and showy.

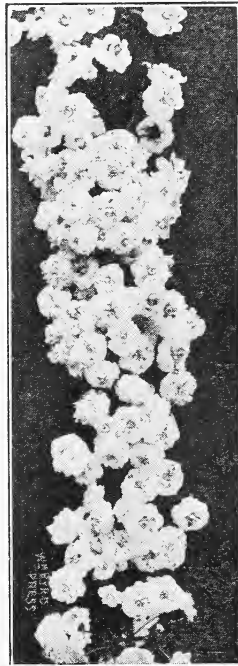

Price.....	Per 100	Per 10	Each
18 to 24 in., branched....	\$2.50	\$0.30	
2 to 3 ft., branched....	3.50	.40	
3 to 4 ft.....	4.00	.50	

Rhus Copalina. Shining Sumac. Shining, lustrous leaves which change to rich crimson in the fall. Greenish-yellow flowers. Very effective. Makes a great display in borders and backgrounds.

Price.....	Per 100	Per 10	Each
18 to 24 in....	\$10.00	\$1.50	\$0.20
2 to 3 ft....	15.00	2.00	.25
3 to 4 ft....	20.00	2.50	.30

Rhus Cotinus. Purple Fringe or Smoke Tree. A very large shrub, making in time a fair-sized tree of most unusual and striking appearance. The great masses of misty, purplish flowers that cover the entire bush in June, make it look like a great mass of smoke, hence the name, Smoke Tree. The leaves color up in the fall.

Price.....	Per 100	Per 10	Each
18 to 24 in....	\$30.00	\$3.50	\$0.40
2 to 3 ft....	40.00	5.00	.60

Spiraea Prunifolia.

Rhus Glabra. Smooth Sumac. Large and striking foliage, topped in the fall with great spikes of crimson seed, very ornamental in effect. Fine autumn coloring; good on rocky or poor soils.

Price.....	Per 100	Per 10	Each
18 to 24 in.....	\$ 7.00	\$1.00	\$0.15
2 to 3 ft.....	10.00	1.50	.25
3 to 4 ft.....	15.00	2.00	.35

Rhus Typhina. Staghorn Sumac. Grows in irregular bush form up to 10 feet and is very good for grouping in large plantations. The leaves are large and bright green, but become brilliantly colored in the fall. An advantage enjoyed with most Sumacs, is that it thrives in poor soil.

Price.....	Per 100	Per 10	Each
18 to 24 in.....	\$10.00	\$1.50	\$0.20
2 to 3 ft.....	15.00	2.00	.25
3 to 4 ft.....	20.00	2.50	.30

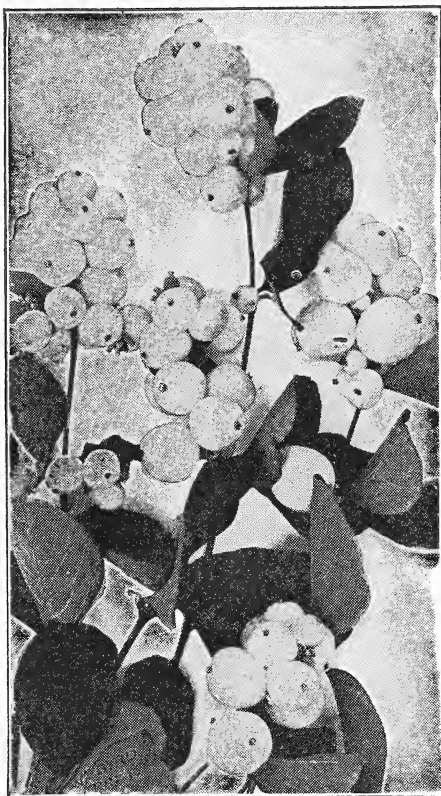

ROBINIA HISPIDA. Moss Locust. A native dwarf bush that sprawls upon the ground, rarely growing taller than 2 or 3 feet. But it is very showy, with good leaves and rose-colored or lavender-colored flowers that hang in clusters like Wistaria. They bloom in April and appear at intervals all through the summer. This is an odd and unusual plant that ought to be better known and more widely planted. Its size and shape are an advantage as relieving monotony in plantings and it is always a worthy addition to the plant-lover's garden.

Price.....	Per 100	Per 10	Each
18 to 24 in.....	\$25.00	\$3.00	\$0.35

WEIGELA. The Weigelas are another beautiful family of plants, of many colors, adding beauty to all shrub groups where the taller varieties are not out of place. Most varieties grow quickly to an ultimate height of 6 or 8 feet and with long, arching branches. During May, June and July, they bear a great profusion of bell-shaped flowers which closely hug the stem. The leaves, always bright and green, afford proper background for their colors. No collection of flowering shrubs, however small, can afford the absence of Weigelas. They are among the best plants we have.

Weigela Ambilis. Grows to about 6 feet, with rich, dark green leaves and very attractive rose-colored flowers.

Price.....	Per 100	Per 10	Each
18 to 24 in.....	\$15.00	\$2.00	\$0.30
2 to 3 ft.....	20.00	3.00	.40

Snowberry.

Weigela Candida. The only variety with pure white flowers. They appear at first in June and then intermittently through the summer. Makes a strong, thrifty bush with good foliage.

Price.....	Per 100	Per 10	Each
18 to 24 in.....	\$25.00	\$3.00	\$0.35
2 to 3 ft.....	35.00	4.00	.45

Weigela Desboisi. The flowers are deep rose-colored; one of the best.

Price.....	Per 100	Per 10	Each
18 to 24 in.....	\$15.00	\$2.00	\$0.30
2 to 3 ft.....	20.00	3.00	.40

Weigela Eva Rathke. The best of the red varieties: with flowers a bright, clear crimson, borne in great profusion; growth more sprawling than the others; not so strong nor so tall. Wonderful as to color.

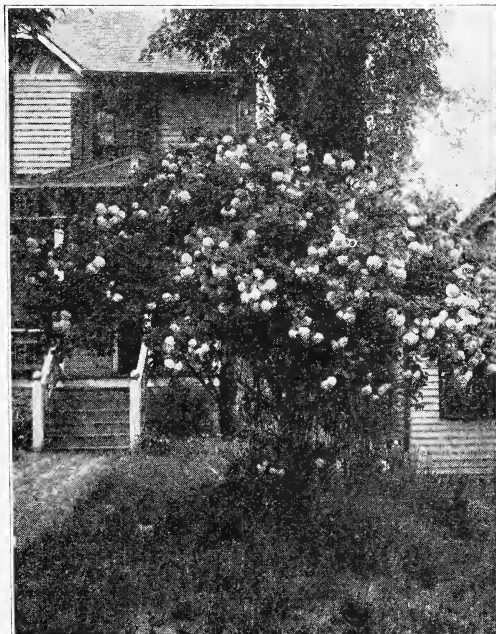

Price.....	Per 100	Per 10	Each
18 to 24 in.....		\$4.00	\$0.50

Weigela Hendersonia. One of the strongest-growing Weigelas with large flowers of a deep rose color.

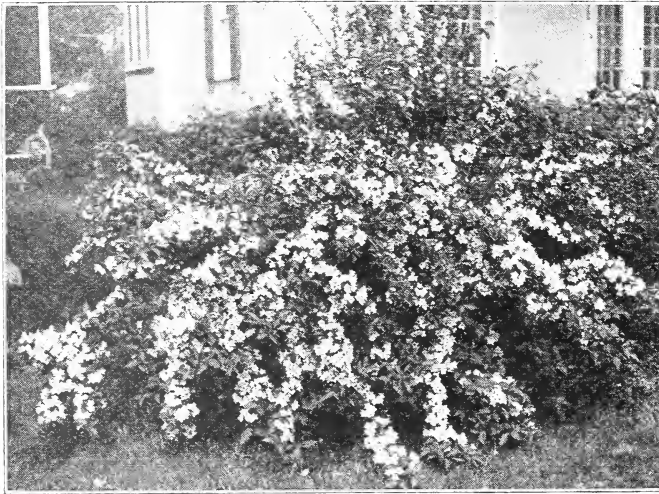

Price.....	Per 100	Per 10	Each
18 to 24 in.....	\$15.00	\$2.00	\$0.30
2 to 3 ft.....	20.00	3.00	.40

Weigela Lutea. This one differs from all the other Weigelas in every respect. Its leaves are long and pointed with a yellow tinge and its yellow flowers come in late June after the other Weigelas have passed their first blooming. The only variety with yellow flowers.

Price.....	Per 100	Per 10	Each
18 to 24 in.....		\$2.00	\$0.30
2 to 3 ft.....		3.00	.40

Japanese Snowball.

Weigela Rosea.

Weigela Rosea. The best known and most popular. A tall-growing vigorous variety with deep pink blossoms borne in wonderful profusion. It never fails to please and makes a great show in June when covered with its pink beauty.

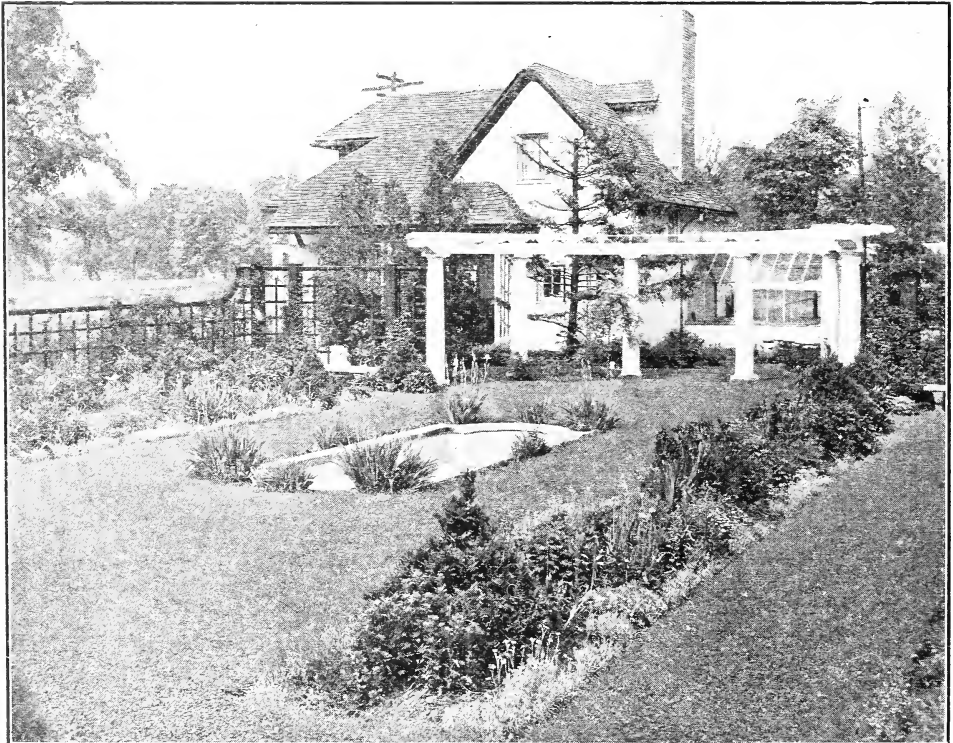

Price.....	Per 100	Per 10	Each
18 to 24 in.....	\$15.00	\$2.00	\$0.30
2 to 3 ft.....	20.00	3.00	.40
3 to 4 ft.....		5.00	.60

Weigela Variegata. In this variety, there is the added attraction of leaves handsomely bordered with yellowish-white, making the plant conspicuous all summer long. The flowers are numerous and a bright clear pink.

12 to 18 in. Price: per 100, \$25.00; per 10, \$4.00; each, 50c.
18 to 24 in. Price: per 100, \$40.00; per 10, \$6.00; each, 75c.

Location

McMinnville is located on Sparta branch of the N. C. & St. L. Ry., 30 miles from Tullahoma, which is on main line, half way between Nashville and Chattanooga. Our nurseries are 2½ miles southeast of McMinnville. We are glad to have those interested visit our nurseries. Visitors are always welcome.

A Well Planted Lawn.

Deciduous Trees

Shade trees are always an attractive setting for the house. They are necessary, too, to add cool comfort to the hot summer days. As an investment, they always add considerably to the renting or selling value of a place. It is the trees and flowers around the house that give it environment and atmosphere and make it home. Trees do not wear out like other things; they constantly increase in value. There's a tree at your house, tied to old memories, that you wouldn't part with; plant others; you will be glad later.

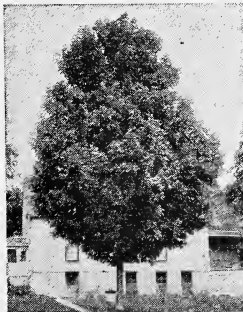

MAPLES

SILVER LEAF MAPLE. *Acer dasycarpum*. A very rapid-growing tree of graceful, spreading habit, with leaves of light green above and silver underneath. Desirable for either lawn or street planting. Will grow in poor and dry soil.

Price	Per 100	Per 10	Each
2 to 3 ft.....	\$15.00	\$2.00	\$0.25
3 to 4 ft.....	25.00	3.00	.35
4 to 5 ft.....		4.00	.50
5 to 6 ft.....		5.00	.75
6 to 8 ft.....		7.50	1.00

RED or SCARLET MAPLE. *Acer rubrum*. Of compact growth, with fine, round head. The leaves color up gorgeously in the fall. Thrives in low or damp places.

2 to 3 ft. Price: per 100, \$15.00; per 10, \$2.00; each, 25c.
3 to 4 ft. Price: per 100, \$20.00; per 10 \$3.00; each, 35c.
4 to 6 ft. Price: per 100, \$30.00; per 10, \$4.00; each, 50c.
6 to 8 ft. Price: per 10, \$5.00 each, 75c.

Sugar Maple.

SUGAR MAPLE. *Acer saccharum*. Good for the large lawn, but ideal for street planting. One of our stateliest native trees, growing to large size, full and compact, with leaves of cool green in spring and summer and taking on the orange and scarlet tints with fall. Its sap makes maple sugar.

Price	Per 100	Per 10	Each
2 to 3 ft.....	\$15.00	\$2.00	\$0.25
3 to 4 ft.....	20.00	3.00	.35
4 to 6 ft.....	30.00	4.00	.50
6 to 8 ft.....		5.00	.75

NORWAY MAPLE. *Acer platanoides*. One of the best shade trees for all purposes, whether in the lawn or roadside; a favorite street tree. Grows to large size and is of neat, compact habit with a rounded head.

Price	Per 100	Per 10	Each
2 to 3 ft.....	\$25.00	\$3.00	\$0.40
3 to 4 ft.....	35.00	4.00	.50
4 to 5 ft.....	47.50	5.50	.65

BOX ELDER. *Acer negundo*. Ash-leaved Maple. A very rapid-growing tree with widely spreading branches. The leaves are light green and very pale green underneath, the coloring affording marked contrast to the other Maples and effective in mass plantings. Withstands drought and cold.

Price	Per 100	Per 10	Each
2 to 3 ft.....	\$25.00	\$3.00	\$0.40
3 to 4 ft.....	35.00	4.00	.50
4 to 5 ft.....	47.50	5.50	.65

BEECHES

The Beeches are strong individualists—each is best standing alone. They make ornamental specimens on the lawn. They are not for street planting, because they branch outward from the ground.

AMERICAN BEECH. *Fagus americana*. Our noble native forest tree with silvery bark, fine spreading growth and symmetrical, rounded head. Especially attractive in spring with its leaves of tender green. Its silvery bark is ornamental in winter.

Price	Per 100	Per 10	Each
2 to 3 ft.....	\$ 6.00	\$0.80	\$0.10
3 to 4 ft.....	10.00	1.35	.15
4 to 6 ft.....	17.50	2.00	.25

BIRCHES

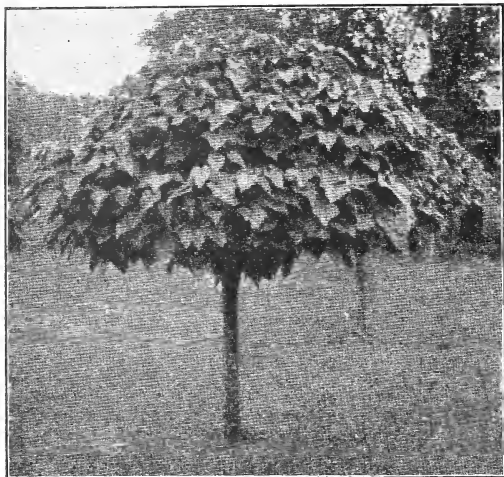

The birches like moist homes and prefer the banks of streams where their irregular branching habit makes the picturesque, especially their conspicuous bark in winter.

WHITE BIRCH. *Betula alba*. A small or medium-sized tree with white bark and small, dark - green leaves that turn pale yellow in the fall. Often makes two or more stems from the ground. This Birch will thrive in dry soil.

2 to 3 ft. Price: per 10, \$3.00; each, 40c.
3 to 4 ft. Price: per 10, \$4.00; each, 50c.

Norway Maple.

Catalpa Bungei.

RED or RIVER BIRCH. *Betula nigra*. The familiar Birch with torn and ragged bark that is often seen along the banks of streams. A graceful, moisture-loving tree that should be in all lowland plantings.

Price.....	Per 100	Per 10	Each
18 to 24 in.....	\$10.00	\$1.50	\$0.20
2 to 3 ft.....	15.00	2.00	.25
3 to 4 ft.....	20.00	2.50	.30

CATALPAS

CATALPA SPECIOSA. A large, handsome tree with immense, tropical-looking leaves and big clusters of white flowers with purple center. Is very quick-growing and makes a fine tree for the lawn. Does well even in poor soil.

Price.....	Per 100	Per 10	Each
2 to 3 ft.....	\$15.00	\$2.00	\$0.25
3 to 4 ft.....	20.00	3.00	.35
4 to 6 ft.....	30.00	4.00	.50
6 to 8 ft.....	5.00		.75

CATALPA BUNGEI. To make these, we bud or graft on stems 5 or 6 feet high, a top of the dwarf variety which makes many short, spreading branches without adding to the height; round compact balls on a straight stem. Very formal in effect, but useful only when rightly placed, as along straight walks.

Price.....	Per 100	Per 10	Per pr.
Heavy 3-year heads.....	\$20.00	\$5.00	
Strong 2-year heads.....	12.50	3.00	
Good 1-year heads.....	10.00	2.50	

CHESTNUTS

Planted for shade and ornament and having the great added value of bearing the prized chestnuts.

AMERICAN SWEET CHESTNUT. Our native Chestnut, a long-lived and stately tree of tall growth and spreading habit. A beautiful tree for lawn planting. The nuts are the sweetest of any variety.

Price.....	Per 100	Per 10	Each
12 to 18 in.....	\$10.00	\$1.50	\$0.20
18 to 24 in.....	15.00	2.00	.25
2 to 3 ft.....	20.00	2.50	.30

JAPANESE CHESTNUT. Makes a smaller tree than our native Chestnut, and is compact, with a dense, oval crown, with glossy green leaves. The nuts are large, but not so sweet as those of the American Chestnut.

Price.....	Per 100	Per 10	Each
12 to 18 in.....	\$25.00	\$3.00	\$0.35
18 to 24 in.....	30.00	3.50	.40
2 to 3 ft.....	40.00	4.50	.50
3 to 4 ft.....	50.00	6.00	.65

CLADASTRIS TINCTORIA. Yellow Wood. A pretty, low tree with small, egg-shaped leaflets and white flowers in graceful, drooping clusters.

Price.....	Per 100	Per 10	Each
2 to 3 ft.....	\$15.00	\$2.00	\$0.25
3 to 4 ft.....	25.00	3.00	.35

DOGWOOD. *Cornus florida*. The four-petaled white flowers are among the earliest of spring, venturing forth before the leaves appear. The glossy green leaves turn to deep red in the fall; a tree of constant and yet varying beauty through the year.

Price.....	Per 100	Per 10	Each
2 to 3 ft.....	\$17.50	\$2.00	\$0.25
3 to 4 ft.....	20.00	2.50	.30
4 to 5 ft., bushy.....	30.00	4.00	.50
5 to 6 ft., bushy.....		6.00	.75

DIOSPYROS VIRGINIANA. *American Persimmon*. A native of the southern States, but will thrive and ripen its fruit as far north as the Great Lakes. The tree reaches a height of 30 feet. The fruit is not large, one-half to one-inch in diameter and must be fully ripe to become edible. A valuable ornamental tree. Will thrive on the poorest soil.

Price.....	Per 100	Per 10	Each
18 to 24 in.....	\$ 7.00	\$1.00	\$0.15
2 to 3 ft.....	10.00	1.50	.20
3 to 4 ft.....	15.00	2.00	.25

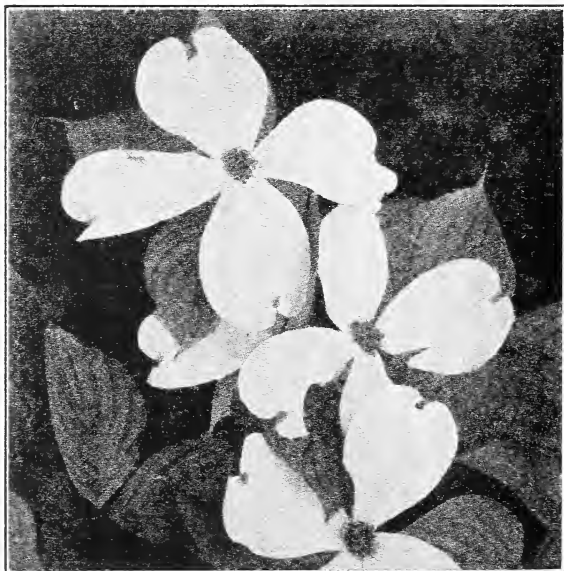

ELMS

AMERICAN ELM. *Ulmus americana*. A tall and stately tree with spreading top, combining great strength with peculiar grace, the American White Elm is one of our grandest native trees. Reaches great size and attains to great age. An ideal tree for the lawn, casting wide stretches of shade while for roadside planting or for street-lining, the mature Elms will meet above the traffic and form arches over shaded lanes.

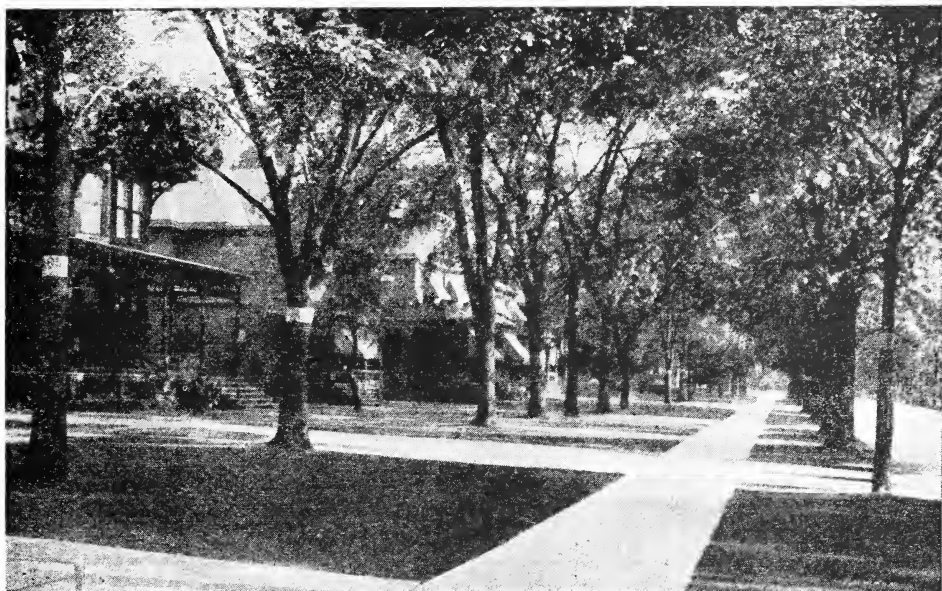

Price.....	Per 100	Per 10	Each
2 to 3 ft.....	\$10.00	\$1.50	\$0.20
3 to 4 ft.....	15.00	2.00	.25
4 to 6 ft.....	25.00	3.00	.40

CORK-BARK ELM. *Ulmus racemosus*. This native Elm is different from other varieties in having very rough, broken, cork-like bark along the trunk and larger branches. An interesting and attractive tree.

Price.....	Per 100	Per 10	Each
2 to 3 ft.....	\$10.00	\$1.50	\$0.20
3 to 4 ft.....	15.00	2.00	.25
4 to 6 ft.....	25.00	3.00	.40

Dogwood.

Avenue of Elms.

GINKGO. *Salisburia adiantifolia*. Maiden Hair Tree. A strikingly handsome street and lawn tree defying smoke, dust and insects. Erect, pyramidal form with small, heart-shaped leaves.

Price.....	Per 100	Per 10	Each
18 to 24 in.....	\$15.00	\$2.00	\$0.30
2 to 3 ft.....	20.00	3.00	.40
3 to 4 ft.....		5.00	.60

HACKBERRY. *Celtis occidentalis*. Nettle Tree. A native tree whose worth and beauty are too often overlooked. Of strong, straight growth and full, spreading top and abundant leaves. Has attractive and edible fruits or berries of small size. Excellent for street planting and ideal for Southern conditions.

Price.....	Per 100	Per 10	Each
2 to 3 ft.....	\$15.00	\$2.00	\$0.25
3 to 4 ft.....	20.00	3.00	.35
4 to 6 ft.....	30.00	4.00	.50

HORNBEAM. *Carpinus caroliniana*. A bushy, low growing tree with slender branches and bluish-green leaves, that will stand any amount of trimming and is thus excellent for specimen plants or for hedging.

Price.....	Per 100	Per 10	Each
2 to 3 ft.....	\$10.00	\$1.50	\$0.20
3 to 4 ft.....	15.00	2.00	.25
4 to 6 ft.....	25.00	3.00	.40

JUDAS TREE or RED BUD. *Cercis canadensis*. A small tree, branching irregularly from the ground, spreading in habit, with smooth, heart-shaped leaves and branches covered their whole length in early spring before the leaves are out, with small pink flowers. A tree for the lawn.

Price.....	Per 100	Per 10	Each
2 to 3 ft.....	\$15.00	\$2.00	\$0.25
3 to 4 ft.....	20.00	3.00	.35
4 to 5 ft.....		4.00	.50

EUROPEAN LARCH. An upright, tall-growing tree with a conical head, with the needle-like foliage of conifers, but not evergreen. Valuable as a timber tree or for ornamental landscape planting. Suitable in well drained soils. Price..... Per 10 Each

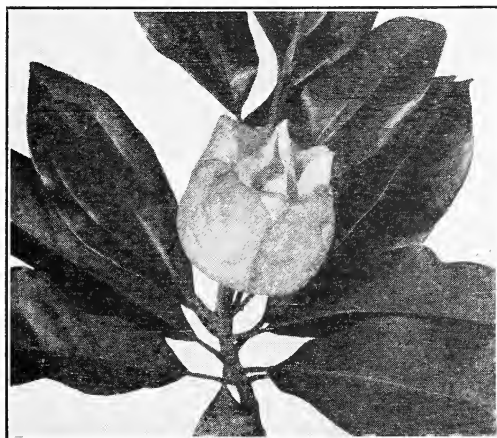

18 to 24 in.....	\$ 5.00	\$0.60
2 to 3 ft.....	7.50	.85

AMERICAN LINDEN. *Tilia americana*. Basswood. A large tree of regular outline, erect and rather formal, with a dome-shaped head. The leaves are dark green and light underneath, turning to yellow in the fall. The flowers are cream-colored and inconspicuous but very sweet. The Linden is not a lawn tree but popular for street planting and for ornament rather than shade. Price... Per 100 Per 10 Each

18 to 24 in.....	\$ 7.00	\$1.00	\$0.15
2 to 3 ft.....	10.00	1.50	.20

MAGNOLIAS

MAGNOLIA GRANDIFLORA. Southern Magnolia. The grandest of our native evergreen trees. Branches from the ground, spreads widely and attains a height of 30 to 40 feet. Has long, wide glossy green leaves and immense white, wax-like flowers of great fragrance. In the fall, the cones filled with scarlet seeds are attractive. Blooms from April till August.

Price.....	Per 100	Per 10	Each
12 to 18 in.....	\$25.00	\$3.00	\$0.50
18 to 24 in.....	40.00	5.00	.75
2 to 3 ft.....		10.00	1.00
3 to 4 ft.....		12.00	1.25

MAGNOLIA ACUMINATA. Cucumber Tree. The tallest of the Magnolias, growing rapidly to a fine pyramidal tree 60 to 90 feet high. In midsummer, large creamy-white blossoms appear among the deep green leaves, and large cucumber-shaped fruits that turn bright crimson, succeed them.

Price.....	Per 100	Per 10	Each
18 to 24 in.....	\$15.00	\$2.00	\$0.30
2 to 3 ft.....	20.00	3.00	.40
3 to 4 ft.....		5.00	.60
4 to 5 ft.....		7.50	.80

MAGNOLIA TRIPETELA. Rarely grows taller than 30 feet. Immense leaves in clusters around the large white flowers that are followed by rose-colored fruit cones.

Price.....	Per 100	Per 10	Each
18 to 24 in.....	\$15.00	\$2.00	\$0.30
2 to 3 ft.....	20.00	3.00	.40
3 to 4 ft.....		5.00	.60
4 to 6 ft.....		7.50	.80

MULBERRIES

With the excepting of the Weeping variety, Mulberries should not be planted on the lawn nor near the sidewalk. Mulberries are for the chicken-yard and the hog-pen; both chickens and hogs appreciate the sweet berries and so do the birds, but they attract flies also.

RUSSIAN MULBERRY. Very hardy, fairly low-growing with a shapely, round head and bearing quantities of small, sweet berries.

Price.....	Per 100	Per 10	Each
2 to 3 ft.....	\$10.00	\$1.50	\$0.20
3 to 4 ft.....	15.00	2.00	.25
4 to 6 ft.....	25.00	3.00	.40

HICK'S EVERBEARING MULBERRY. Taller than the Russian, not so compact and with larger leaves. The berries ripen over a period of about four months, are abundant, large, black and sweet.

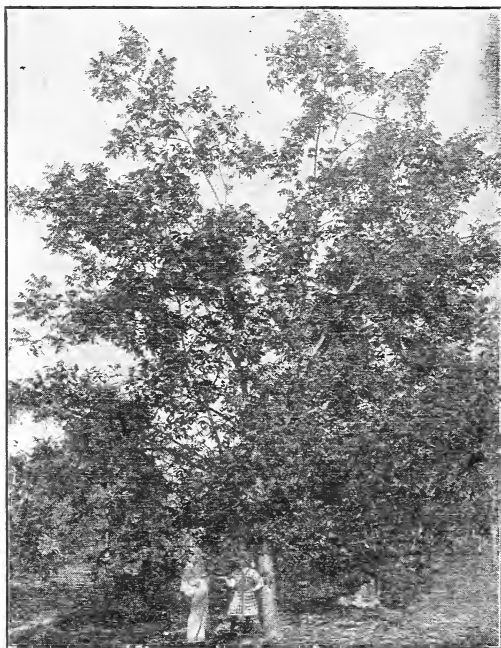

Price.....	Per 100	Per 10	Each
3 to 4 ft.....	\$45.00	\$5.00	\$0.60
4 to 5 ft.....	50.00	6.00	.75

TEA'S WEEPING MULBERRY. This is an ornamental Mulberry; the weeping top is budded or grafted at the top of a straight stem of 5 or 6 feet and, branching outward and downward, soon reaches to the ground on all sides: a fountain-like effect of green leaves. As a lawn ornament, the best of the weeping trees.

Price.....	Per pair
Strong 2-year heads.....	\$5.00
Good 1-year heads.....	4.00

OSAGE ORANGE. An extremely hardy tree whose wood, being practically indestructible, is valuable for fence-posts. For farm-hedging, it is good because with clipping, when planted close, it can be held to any desired height and soon forms an impassable barrier. Write us for prices on quantity lots.

Price.....	Per 100	Per 10	Each
18 to 24 in.....	\$ 6.00	\$0.80	\$0.10
2 to 3 ft.....	10.00	1.25	.15
3 to 4 ft.....	20.00	2.50	.30

Pecan.

Avenue of American Sycamores.

OXYDENDRON. *Andromeda arborea.* A very handsome, bushy tree rarely taller than 20 feet. Even when very small, bears masses of small white flowers. The foliage is its best feature; the abundant green leaves of summer turning to scarlet in the fall. One of the beautiful things worth planting in every garden.

Price.....	Per 100	Per 10	Each
18 to 24 in.....	\$20.00	\$2.50	\$0.30
2 to 3 ft.....	25.00	3.50	.40
3 to 4 ft.....		5.00	.60

PECANS

PAPER-SHELL PECANS. The demand for these nuts increases from year to year, as they reach wider markets and become better known as the richest flavored of all nuts. The large paper-shell Pecans retail for from 80 cents to \$1.00 a pound. The tree is very long-lived, healthy and increases in value with age; it never outgrows its bearing capacity as with nearly all fruit trees. The Pecan is a tall, widely-spreading, handsome shade tree and considering that, and its valuable crop, ought to be planted along every highway and division line. Prefers a rather moist soil.

Price.....	Per 100	Per 10	Each
2 to 3 ft.....	\$15.00	\$6.50	\$0.75
3 to 4 ft.....		8.00	1.00

PLANE OR SYCAMORE

AMERICAN SYCAMORE. *Platanus occidentalis.* A hardy native tree of lofty height, often reaching 100 feet. Wide-spreading, with large leaves green above and greyish below. The bark peels annually and the new bark is silvery white. Especially recommended for street planting.

Price.....	Per 100	Per 10	Each
18 to 24 in.....	\$15.00	\$2.00	\$0.30
2 to 3 ft.....	20.00	3.00	.40
3 to 4 ft.....		5.00	.60

EUROPEAN SYCAMORE. *Platanus orientalis.* London Plane. More compact—better filled out—than our native Sycamore and with rich dark green leaves. One of the very best trees for street planting especially in cities, where it thrives in spite of gas and dust and heat. It is one of the few shade trees that will do that.

Price.....	Per 100	Per 10	Each
18 to 24 in.....	\$20.00	\$2.50	\$0.30
2 to 3 ft.....	25.00	3.50	.40
3 to 4 ft.....	30.00	4.00	.50

POPLARS

SILVER POPLAR. *Populus alba.* A very quick-growing tree with silvery leaves. Will thrive in almost any soil and often where most other trees fail.

Price.....	Per 100	Per 10	Each
2 to 3 ft.....	\$10.00	\$1.50	\$0.20
3 to 4 ft.....	15.00	2.00	.25

CAROLINA POPLAR. *Populus monilifera.* If quick results are wanted rather than permanent value, plant Carolina Poplars. Planted close, they make a quick, dense screen. Planted some distance apart, alternating with some slower-growing hardwood trees, the Poplars will furnish shade until the others are large enough to cut the Poplars out. That is often done.

Price.....	Per 100	Per 10	Each
2 to 3 ft.....	\$10.00	\$1.50	\$0.20
3 to 4 ft.....	15.00	2.00	.25

LOMBARDY POPLAR. *Populus nigra.* A tall, shaft-like column of a tree that grows quickly, like all Poplars, and often reaches 80 to 100 feet in height. The Lombardy Poplar is not for shade but for ornament, making a fine effect when planted along driveways; and when planted close together the trees make a thick, very high screen. Branched always from the ground up.

Price.....	Per 100	Per 10	Each
2 to 3 ft., branched.....	\$10.00	\$1.50	\$0.20
3 to 4 ft.....	15.00	2.00	.25
4 to 6 ft.....	30.00	4.00	.50

BALM OF GILEAD. *Populus canadensis.* A tall tree with spreading branches and leaves dark green above and nearly white beneath. A very handsome, quick-growing tree.

Price.....	Per 100	Per 10	Each
2 to 3 ft.....	\$15.00	\$2.00	\$0.25
3 to 4 ft.....	25.00	3.00	.35

SOUR GUM. *Nyssa multiflora.* An attractive and popular native tree of easy growth, admired for the gorgeous scarlet coloring of the leaves and its dark blue berries in the fall.

Price.....	Per 100	Per 10	Each
18 to 24 in.....	\$10.00	\$1.50	\$0.20
2 to 3 ft.....	15.00	2.00	.25
3 to 4 ft.....	20.00	3.00	.35

Lombardy Poplar.

SWEET GUM. *Liquidamber styraciflua*. A native tree of rare beauty, erect and symmetrical, with curious cork-like bark and leaves that take on the brilliant autumnal colors of orange and scarlet.

Price.....	Per 100	Per 10	Each
2 to 3 ft.....	\$30.00	\$3.50	\$0.40
3 to 4 ft.....	35.00	4.00	.50
4 to 5 ft.....		6.00	.75
5 to 6 ft.....		7.50	.90

TEXAS UMBRELLA TREE. *Melia*. A distinct and valuable form of the Chinaberry. The branches start very much like the stays of an umbrella and form a dense, round, umbrella-like head. The foliage is very dense and a cooling dark green and while serviceable for shade, the tree is unique and highly ornamental in appearance. Fragrant lilac-colored flowers.

Price.....	Per 100	Per 10	Each
18 to 24 in.....	\$ 7.00	\$1.00	\$0.15
2 to 3 ft.....	10.00	1.50	.20

4 to 5 ft.....		3.00	.40

TULIP TREE. *Liriodendron tulipifera*. Tulip Poplar A large and stately tree, suitable for lawn or avenue planting. Quick-growing, too, making a compact, pyramidal head. The leaves are dark green turning to yellow in the fall. It has greenish-yellow flowers shaped like a tulip. A healthy, clean, beautiful tree that does well all through the South.

Price.....	Per 100	Per 10	Each
2 to 3 ft., transplanted.....	\$15.00	\$2.00	\$0.25
3 to 4 ft., transplanted.....	20.00	2.50	.30
4 to 6 ft., transplanted.....	30.00	4.00	.50

WALNUTS

Walnuts, like Pecans, should be more widely planted, because in addition to making a handsome and long-lived shade trees, they bear nuts that bring high prices. The wood is valuable, too; Black Walnut is the most expensive of woods: worth more than Mahogany. A plantation of such trees is no present large investment, yet it will grow into a fortune for your children. Besides, the trees

are a rare combination of utility and beauty. The roadside, the line fence and the vacant lot can be made to hold more substantial value than a life-insurance policy—and cost less. Plant nut trees!

BLACK WALNUT. A native tree of large size and graceful lines and handsome foliage. The nuts are hard-shelled but the most delicious of the walnuts and borne in great abundance. The wood of the Black Walnut commands the highest price on the market—because its beauty in furniture-making is highly prized and those with bearing trees find the nut crop too profitable to sacrifice the trees for lumber. Plant Walnuts; plant them now.

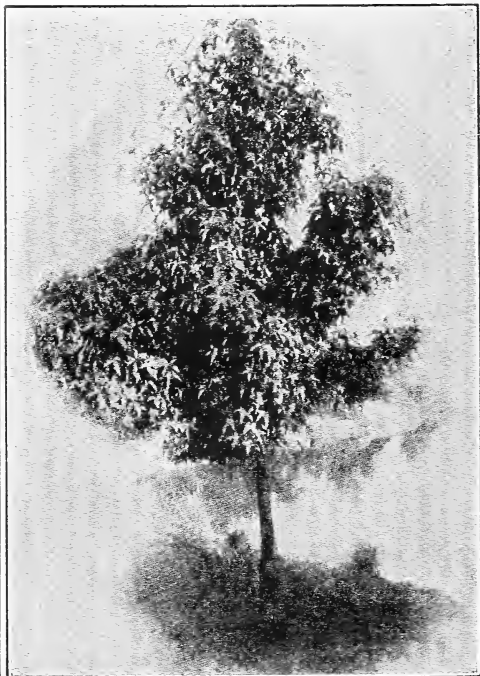

Price.....	Per 100	Per 10	Each
12 to 18 in.....	\$12.00	\$1.50	\$0.20
18 to 24 in.....	15.00	2.00	.25
2 to 3 ft.....	18.00	2.50	.30
3 to 4 ft.....	20.00	3.00	.40

JAPAN WALNUT. *Juglans sieboldi*. Perfectly hardy, grows rapidly, and makes a handsome, medium-sized tree with very large attractive leaves. Bears young and heavily. The nuts are borne in clusters, resemble Butternuts in shape and quality with a thinner, smooth shell. Not as large as English Walnuts nor thin-shelled but richer in quality and recommended as being hardy where English Walnuts are not.

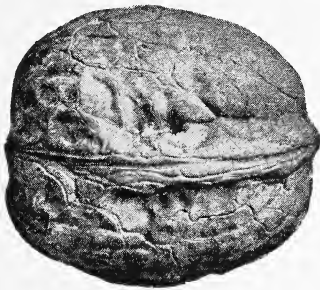

Price.....	Per 100	Per 10	Each
12 to 18 in.....	\$15.00	\$2.00	\$0.25
18 to 24 in.....	25.00	3.00	.40
2 to 3 ft.....		4.00	.50

BUTTERNUT or WHITE WALNUT. A native tree that is well known and highly prized, producing a large nut with a sweet, oily, nutritious kernel. Valuable for shade and ornament as well as its nut yield.

Price.....	Per 100	Per 10	Each
12 to 18 in.....	\$12.00	\$1.50	\$0.20
18 to 24 in.....	15.00	2.00	.25
2 to 3 ft.....	18.00	2.50	.30
3 to 4 ft.....	20.00	3.00	.40
4 to 5 ft.....	25.00	4.00	.50

Sweet Gum.

English Walnut.

WILLOWS

All the Willows are of peculiarly graceful habit. Their distinct form add beauty to any planting. They thrive best in moist soils and they are most at home by the water's edge. They lend their uses to the most artistic effects in landscape plantings. All varieties grow fast.

WEeping WILLOW. *Salix babylonica*. Tall, spreading, with long, drooping branches and narrow, dark-green leaves. An imposing tree of much graceful beauty. Prefers a moist location and is at its best when planted near a pond or stream.

Price.....	Per 100	Per 10	Each
2 to 3 ft.....	\$15.00	\$2.00	\$0.25
3 to 4 ft.....	20.00	3.00	.35
4 to 6 ft.....	25.00	4.00	.50

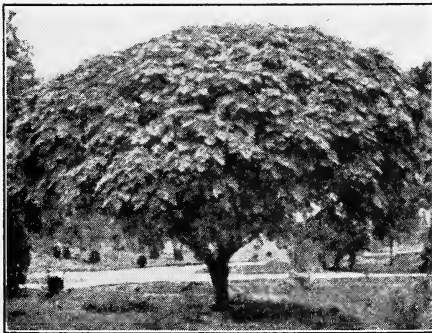

PUSSY WILLOW. *Salix caprea*. A small, shrubby tree—or large bush—with numerous upright branches; not weeping. The catkins are very large, the buds swelling to great size early in the spring; silvery grey and often with a pinkish tinge. Highly prized for cutting and furnishing the garden's first spring beauty to house decoration. Florists buy the branches in quantities for re-selling. A pretty landscape or garden effect.

Price.....	Per 100	Per 10	Each
2 to 3 ft.....	\$15.00	\$2.00	\$0.25
3 to 4 ft.....	20.00	3.00	.35

RING-LEAVED WILLOW. An interesting tree attracting attention wherever seen, on account of its curiously curved or twisted leaves.

Price.....	Per 100	Per 10	Each
2 to 3 ft.....	\$15.00	\$2.00	\$0.25
3 to 4 ft.....	20.00	3.00	.35
4 to 6 ft.....	25.00	4.00	.50

WITCH HAZEL. *Hamamelis virginica*. A particularly valuable tree because one of the few that bloom in the fall. Its small, odd, yellow flowers open just as the leaves begin to take on their autumn tints. A small tree,

Texas Umbrella Tree.

fine for massing effects and for setting under larger-growing trees. A strong grower in all soils but preferring moist places. Perfectly hardy anywhere.

Price.....	Per 100	Per 10	Each
18 to 24 in., branched.....	\$22.50	\$2.50	\$0.30

WHAT OUR CUSTOMERS SAY

These are paragraphs from letters we have in our files from customers whom we have had the privilege to serve:

Tennessee

"Last season we sent you our first order—and were well pleased with same. This season we decided to give you the majority of our business on account of satisfaction received from previous dealings."

Arkansas

"Your shipment just received in fine shape."

Mississippi

"The plants arrived—in a very satisfactory condition. I am very much pleased with the shipment. Most of the plants were larger than I expected to find them."

California

"You will recall that I have ordered from you past two or three seasons various shrubs—these have been very satisfactory."

Tennessee

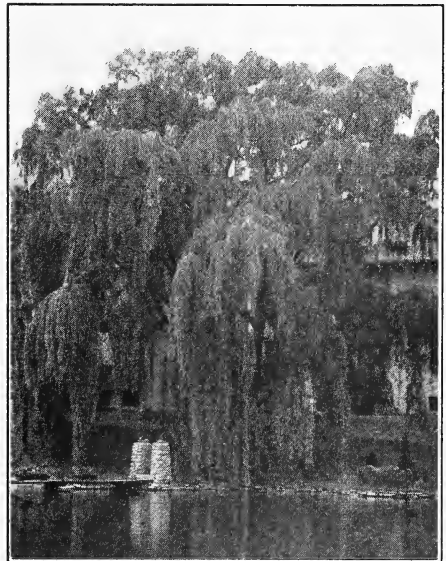

"I wish to take this opportunity to thank you for the splendid class of shrubbery you have sent us and for the good prices you made us."

Ohio

"We have received the stock which you have shipped us in excellent condition, the stock was nice and fresh and packed properly."

Kentucky

"The shipment arrived in fine shape and I am certainly delighted with the quality. I will know where to buy now. It is the best quality I have been able to get lately."

Weeping Willow.

Evergreens

HOVEY'S GOLDEN ARBORVITAE. *Thuja occidentalis hoveyi*. A dwarf variety of dense growth with light green foliage and best for grouping in front of taller varieties; fine in combinations; useful for porch work or foundation plantings, edging and borders generally.

Price.....	Per 10	Each
18 to 24 in.....	\$25.00	\$3.00

TOM THUMB ARBORVITAE. *Ellwangeriana*. Globe-shaped, very dwarf, bright green during summer and changing to bronze in winter. Very desirable, handsome and useful.

Price.....	Per 10	Each
12 to 15 in.....	\$12.00	\$1.50
15 to 18 in.....	20.00	2.50

SIBERIAN ARBORVITAE. *Thuja warreana*. Of lower growth than other pyramidal form, rather broad with dense foliage of bluish-green. Very hardy and desirable.

Price.....	Per 10	Each
12 to 18 in.....	\$12.00	\$1.50
18 to 24 in.....	20.00	2.50

PYRAMIDAL ARBORVITAE. Of straight, erect growth and slenderly columnar in form, densely branched with foliage of a rich, dark glossy green. Very distinct and formal and invaluable for the striking effect when planted to center groups or in pairs at entrances, framing doorways or windows to break the height of tall houses.

18 to 24 in. Price:	
per 10, \$30.00; each,	\$3.50.
2 to 3 ft. Price: per	
10, \$40.00; each,	\$5.00.

GLOBE ARBORVITAE. *Thuja globosa*. A perfect globe when well grown, the spread usually equaling the height. Foliage of light green.

12 to 18 in. Price:	
per 10, \$15.00; each,	\$1.75.
18 to 24 in., trans.	
per 10, \$25.00, each	\$3.00.
2 to 3 ft. Price:	
each, \$5.00.	

ARBORVITAE ROSEDALE. A hybrid of the Arborvitae, crossed with a Retinospora the parentage showing in the fine, feathery, bluish foliage of the Retinospora and the dense, compact, sugar-loaf form of the Arborvitae. It holds its regular form. A popular variety through the South. Not hardy elsewhere.

6 to 12 in. Price:	
per 10, \$8.00; each,	\$1.00.
12 to 18 in. Price:	
per 10, \$12.00; each,	\$1.50.
18 to 24 in. Price:	
per 10, \$20.00; each,	\$2.50.
2 to 3 ft. Price:	
each, \$3.00.	

We divide our Evergreens into two broad groups. Those following are Coniferous, or cone-bearing Evergreens with thread-like, lacy foliage such as Cedars and Arbor Vitae have. They are largely used in ornamental planting but especially for grouping around the porch or along the walls to break the abrupt line between the house and lawn. They are evergreen and ever beautiful, cooling in effect in the hot summer months and adding a touch of color and warmth to the winter months.

BALSAM FIR. *Abies balsamea*. A slender tree of pyramidal and rapid growth with dark green foliage and very hardy.

Price.....	Per 10	Each
12 to 18 in.....	\$ 8.00	\$1.00
18 to 24 in.....	12.00	1.50

AMERICAN ARBORVITAE. *Thuja occidentalis*. One of the best; very handsome with dark green foliage. Grows rapidly and easily and in almost any soil. Can be sheared and makes a fine ornamental hedge with regular clipping; will keep at any desired height. Allowed to grow, will make a tall screen when planted closely.

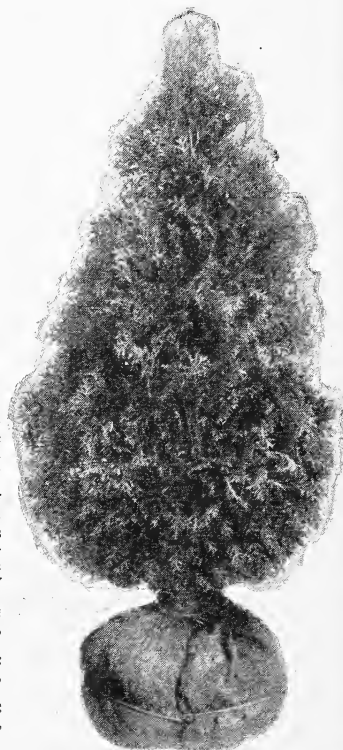

Price.....	Per 10	Each
6 to 12 in.....	\$ 3.50	\$0.40
12 to 18 in.....	6.00	.75
18 to 24 in.....	10.00	1.25
2 to 3 ft.....	12.50	1.50

CHINESE ARBORVITAE. *Biota orientalis*. Smaller-growing than the American, more compact and regular and pyramidal in outline, with fine, feathery deep green foliage. Suitable for planting as a single specimen or in combinations and groups.

Price.....	Per 10	Each
8 to 12 in.....	\$ 2.50	\$0.35
12 to 18 in.....	4.50	.50

2 to 3 ft.....	7.00	1.00
3 to 4 ft.....	10.00	1.50

BERCKMAN'S DWARF GOLDEN ARBORVITAE. Always stays a dwarf, with dense, compact form, golden in color and beautiful anywhere—standing alone, in pairs or when planted in the edge of a group of taller-growing evergreens.

Price.....	Per 10	Each
12 to 15 in.....	\$17.50	\$2.00
15 to 18 in.....	25.00	3.00
18 to 24 in.....	30.00	3.50

American Arborvitae.

Pyramidal Arborvitae.

AUSTRIAN PINE. A tall, massive tree with spreading branches heavily set with long, stiff, dark green needles.

12 to 18 in. Price: per 10, \$6.00; each, 75c.
18 to 24 in. Price: per 10, \$10.00; each, \$1.25.
2 to 3 ft. Price: per 10, \$15.00; each, \$1.75.

SCOTCH PINE. One of the hardest of the Pines; of dense growth and bluish green foliage. Splendid for mass plantings, screens, shelter belts and seashore.

12 to 18 in. Price: per 10, \$6.00; each, 75c.
18 to 24 in. Price: per 10, \$10.00; each, \$1.25.
2 to 3 ft. Price: per 10, \$15.00; each, \$1.75.

YELLOW PINE. A common old field pine of this section, but mighty attractive in the lawn or landscape. A medium

size tree, leaves dark green, three to four inches long and large, dull brown cones.

Price.....	Per 10	Each
12 to 18 in.....	\$2.00	\$0.25
18 to 24 in.....	3.50	.40
2 to 3 ft.....	5.00	.60

HEMLOCK. *Tsuga canadensis*. Considered by many our most beautiful native evergreen. Makes a tall, spreading, peculiarly graceful tree with drooping branches; a tree whose beauty bears planting singly and yet which blends so well that it enhances every group of which it is a part. It stands shearing well and when planted close and kept trimmed, it makes a dense and wall-like hedge. Its pure dark green color is retained all winter. Absolutely hardy.

Price.....	Per 100	Per 10	Each
12 to 15 in.....	\$40.00	\$5.00	\$0.60
15 to 18 in.....		7.50	.90
18 to 24 in.....		15.00	2.00
2 to 3 ft.....		25.00	3.00

IRISH JUNIPER. *Juniperus hibernica*. A distinct and beautiful variety; very erect and column-like, with dense green foliage like a pillar of green.

Price.....	Per 10	Each
6 to 12 in....	\$ 3.50	\$0.40
12 to 18 in....	6.00	.75
18 to 24 in....	10.00	1.25
2 to 3 ft....	12.50	1.50

PFITZER JUNIPER. *Juniperus pfitzeriana*. One of the finest of all evergreens. Broadly pyramidal with low, flat, spreading top. Nothing finer for porch or foundation plantings with taller evergreens behind and the very dwarf kinds in front. Rich, dark green foliage and succeeds in the far South as well as in the extreme north.

Price.....	Per 10	Each
12 to 18 in. across	\$20.00	\$2.50
18 to 24 in. across	3.00

NORWAY SPRUCE. This familiar Spruce is more generally used than any of the others. It grows rapidly, does well in most soils and withstands the bleak, cold winds of winter. If left untrimmed, the trees spread out magnificently and make desirable specimens. They make splendid windbreaks and shelter belts. If planted as hedges and kept sheared, they become impenetrable and are as good for this purpose as any evergreens.

Price.....	Per 10	Each
8 to 12 in.....	\$ 3.50	\$0.40
12 to 18 in.....	6.00	.75
18 to 24 in.....	10.00	1.25
2 to 3 ft.....	12.50	1.50

COLORADO BLUE SPRUCE. Tall, pyramidal and regular in outline with rich, light, bluish-green foliage; perfectly hardy and one of the most beautiful native evergreens, its unusual color affording a striking contrast to the dark-green Spruces.

Price.....	Per 10	Each
12 to 15 in.....	\$27.00	\$3.00
15 to 18 in.....	36.00	5.00
18 to 24 in.....	54.00	6.00

RETINOSPORA

SQUARROSA. A Japanese Cypress, very distinct in shape and color. Compact and rounded, holding its shape even without shearing and with fine, lacy foliage of a light bluish color. Handsome as a single specimen.

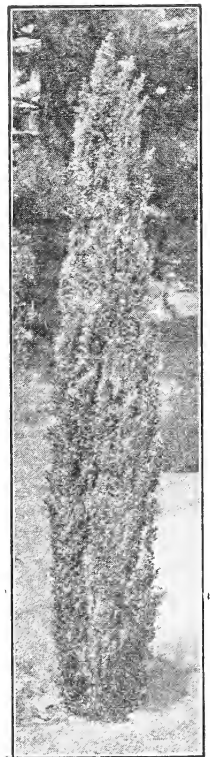

15 to 18 in. Price: per 10, \$15.00; each, \$2.00.
18 to 24 in. Price: per 10, \$20.00; each, \$2.50.
2 to 3 ft. Price: per 10, \$30.00; each, \$4.00.

Austrian Pine.

RETINOSPORA GOLD-EN.

Retinospora plumosa aurea. The most popular and most generally used of all the golden evergreens. It is strikingly ornamental and the soft, plume-like, golden foliage is particularly bright in spring. Even through the winter, it retains its deep yellow color. It is low-branched and the golden foliage brushes the green grass in beautiful contrast. It is neat and compact, suitable for small lawns and effective in larger spaces, while it blends effectively in color contrasts in groups. For window and porch boxes, in vases

Irish Juniper.

Retinospora, Plumosa Aurea.

RETINOSPORA GOLDEN—Continued.

in formal gardening, it is one of the best evergreens grown.

15 to 18 in.....		2.50
18 to 24 in.....		3.00

TRAILING JUNIPER. *Juniperus canadensis.* A very handsome variety, especially useful because of its growth. It does not grow upright, but is spreading and makes a splendid ground cover, much used for

edging groups of upright evergreens in porch or foundation plantings.

Price.....	Per 10	Each
8 to 12-in. spread.....	\$ 9.00	\$1.00
12 to 18-in. spread.....	12.50	1.50
18 to 24-in. spread.....	17.50	2.00

RED CEDAR. *Juniperus virginiana.* A native evergreen, very popular and widely planted because hardy, easy to grow and handsome always. It makes a pyramidal tree but can be pruned and sheared into any shape desired. The foliage is rich green, taking on a bronzy tinge in winter.

Price.....	Per 100	Per 10	Each
12 to 18 in.....	\$20.00	\$3.00	\$0.35
18 to 24 in.....	35.00	4.00	.50
2 to 3 ft.....		6.00	.75

BLUE CEDAR. *Juniperus virginiana glauca.* A blue form of the native Red Cedar, with strikingly beautiful silvery blue foliage. It is more compact than the green form and can be trimmed to a narrow, column-like effect, if desired; or, allowed to grow naturally, it follows most graceful lines. One of the most beautiful of the evergreens and strikingly handsome in any situation.

Price.....	Per 10	Each
18 to 24 in.....	\$25.00	\$2.50
2 to 3 ft.....	40.00	4.50
3 to 4 ft.....	60.00	6.50

BROAD-LEAVED EVERGREENS OR EVERGREEN SHRUBS

These are the most valuable plants for the South and for those parts of the North where they will stand the winters. It is in the South that they reach their most perfect development. Their rich, green leaves convey a sense of coolness in the hot summer months; they do not dry and drop in the fall as do the leaves of the deciduous shrubs; and their cheerful green is carried through the winter months. They are gracefully irregular in growth and lack the formal and somewhat stiff outlines of the coniferous evergreens. Plants in this class are just now coming into appreciation in the South, probably because they are being grown and advertised more widely. They deserve their popularity because they are, as a class, the most valuable plants for the entire South.

ABELIA GRANDIFLORA. Has the great merit of bearing

fragrant and beautiful flowers as well as being evergreen. The leaves are at first a shiny, bright green, turning to a darker green. Heat and dust do not injure their beauty. The flowers are white within and tinged with pink on the outside, set in clusters having attractive stems whose beauty makes them part of the blooms. The flowers are delicately fragrant and continue all summer.

18 to 24 in. Price: per 100, \$40.00; per 10, \$5.00; each, 75c.

2 to 3 ft. Price: per 10, \$7.00; each, \$1.00.

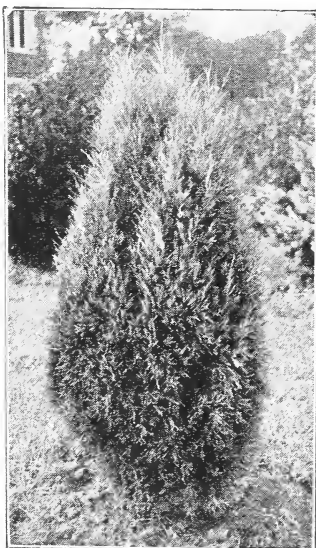

3 to 4 ft. Price: per 10, \$10.00; each, \$1.50.

BOXWOOD. *Buxus sempervirens.* The tall-growing variety that makes a large, round bush. The leaves are small, round, glossy green. Can be sheared into any shape; round or spire-like. Useful for tubs, vases, window boxes or hedges.

12 to 15 in. Price: per 100, \$50.00; per 10, \$6.00; each, 75c.

15 to 18 in. Price: per 10, \$9.00; each, \$1.00.

18 to 24 in. Price: per 10, \$12.00; each, \$1.50.

Red Cedar.

Colorado Blue Spruce.

Gentlemen:

Your shipment just received in fine shape.
Yours truly,

LITTLE ROCK NURSERY,
By B. E. Byles

Greenville, Miss.

April 13, 1924.

MESSRS. BOYD & BROS.

Gentlemen:

Enclosed find check \$3.20, balance due as shown on your invoice of 3-'29. The plants arrived on the 9th instant in very satisfactory condition. I am very much pleased with the shipment.

HENRY WARING BALL.

Pasadena, Cal.,
RD 2, Box 775, 2-3-'25.

BOYD BROTHERS,
McMinnville, Tenn.

Dear Friends:

You will recall that I have ordered from you past two or three seasons various shrubs for our Delta Park Commission; these plants have been very satisfactory.

Yours truly,
HERBERT CHASE.

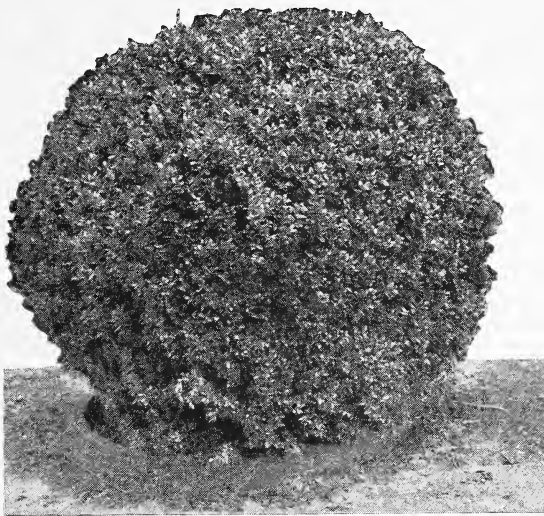

Columbia, Tenn.,
April 29, 1925.

FOREST NURSERY CO.,
McMinnville, Tenn.

Gentlemen:

I wish to take this opportunity to thank you for the splendid class of shrubbery you have sent us and for the good prices you made us.

Yours very truly,
L. R. NEEL,
Superintendent.

Dwarf Boxwood.

DWARF BOXWOOD. *Buxus suffruticosa*. This is the very dwarf evergreen plant so highly esteemed for small hedges; for edging the borders of flower beds or for planting along walks. It is the very best plant for that purpose. Retains its dwarf size, never growing tall.

Price.....	Per 100	Per 10	Each
6 to 12 in.....	\$40.00	\$5.00	\$0.60
12 to 15 in.....		7.00	.85
15 to 18 in.....		12.00	1.25

AMERICAN HOLLY. *Ilex opaca*. A beautiful evergreen tree of the South, with large glossy leaves and bright red berries, familiarly known as Christmas Holly. It works in wonderfully with other trees in landscape plantings. Those at Asheville, N. C., are the admiration of Northern visitors. Our Southern gardens need more of them; they are the beauty of the wilds, brought to your door for constant enjoyment.

Price.....	Per 10	Each
12 to 18 in.....	\$ 5.00	\$0.60
18 to 24 in.....	7.50	.90

MOUNTAIN LAUREL. *Kalmia latifolia*. A native evergreen shrub with large rich green leaves, highly attractive in themselves and bearing in early summer, large clusters of wonderfully beautiful pink and white flowers, in the greatest profusion. The Mountain Laurel is perfectly hardy and succeeds in so many different climates that (and because of its great beauty), it has often been proposed as our national flower. It is most effectively planted in groups or massed in landscape plantings. Though it grows wild (as every plant does somewhere), it is one of the aristocrats of the garden.

October 10, 1925.

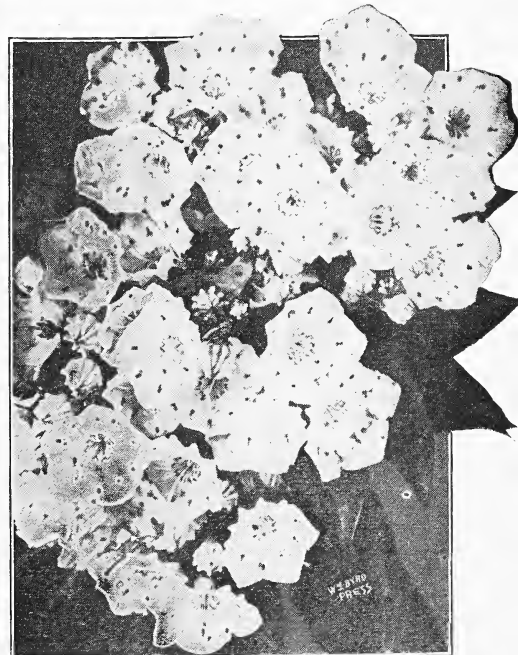

Mr. F. C. BOYD:

Last season we sent you our first order at prices quoted in your wholesale trade list and were well pleased with same.

This season we decided to give you the majority of our business on account of satisfaction received from previous dealing.

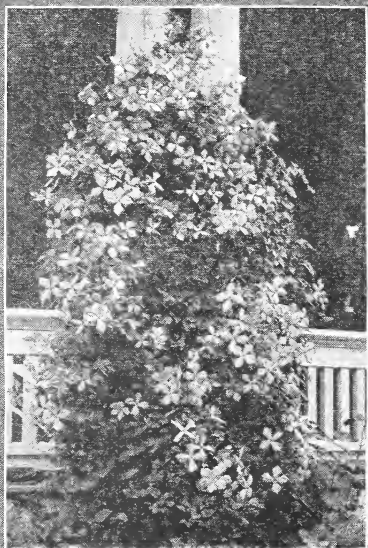

Respectfully,

F. W. WHITEMORE.

Kalmia latifolia.

Climbing Vines

Vines are a necessary part of any gardening scheme that includes a house or an arbor, an embankment to be covered, a porch to be screened, a window to be shaded. Clambering over the arched gateway, along the fence, over some old stump, the summer-house or well or in the various places where nothing else quite fits, Vines add a touch of beauty. We mention below what each variety is best suited for.

AMPELOPSIS QUINQUEFOLIA. American Ivy or Virginia Creeper. Large and deep cut leaves that turn to beautiful crimson in the fall. Does not cling to stone or brick but makes a quick and rampant growth, covering objects that offer support.

Price.....	Per 100	Per 10	Each
One year, small plants.....	\$15.00	\$2.00	\$0.15
Two years, transplanted.....	25.00	3.00	.35

AMPELOPSIS VEITCHI. Boston Ivy. Clings to brick or stone; grows rapidly and soon covers a wall like a mat of green, the leaves turning to brilliant orange and crimson in the fall.

Price.....	Per 100	Per 10	Each
One year plants.....	\$25.00	\$3.00	\$0.35
Two year transplants.....	6.00		.75

ARISTOLOCHIA. Dutchman's Pipe. Brownish, pipe-shaped flowers. Highly useful for its large leaves which make a perfect screen for porches. A native climber of quick growth.

Price.....	Per 100	Per 10	Each
One Year plants.....	\$ 8.00	\$1.00	.15
Two year plants.....	15.00	2.00	.25

BIGNONIA RADICANS. Trumpet Vines. A native, hardy, strong climbing vine with good leaves and scarlet trumpet-shaped flowers in summer.

Price.....	Per 100	Per 10	Each
Strong plants.....	\$15.00	\$2.00	\$0.25

CELASTRUS SCANDENS. Bittersweet. Of quick growth, with handsome, glossy, foliage; it bears orange-crimson fruits than hang all winter.

Price.....	Per 100	Per 10	Each
Transplanted vines.....	\$25.00	\$3.00	\$0.35

CLEMATIS. A family of vines with flowers far surpassing any charm of foliage effect. Most vines are planted for their foliage or to hide something or to give

shelter or seclusion. Clematis, like Roses, are planted for their flowers. The small-flowered *Paniculata* grows very readily but the large-flowered hybrid varieties require some care. As they are usually planted to clamber on a trellis, it follows too often they that are planted so close to the stone foundation of the house as to have no suitable soil to grow in nor chance to get the benefit of rainfall. Good, rich soil and water should be provided. They need careful staking too, close to the ground, so the wind can't whip them about. Breaking off just above the ground, caused by wind, is the usual cause of their loss. A little thought, a little care and attention, will give them the needed chance and support for starting; afterwards, they are all right.

Clematis Paniculata. A strong vigorous grower, quickly covering a trellis or porch. The small, creamy-white, star-shaped flowers are delicately fragrant, blooming in late summer in wild profusion.

Price.....	Per 10	Each
Two year plants.....	\$6.00	\$0.75

The following varieties of Clematis are all hybrids with large to very large flowers of great beauty; among the finest flowering vines grown for their blooms which are borne in profusion from mid-summer until fall. All are hardy even in the far North.

Jackmani. The most popular of all; extremely free-flowering, the blooms four-petaled, ribbed at the middle and of a beautiful velvety purple color.

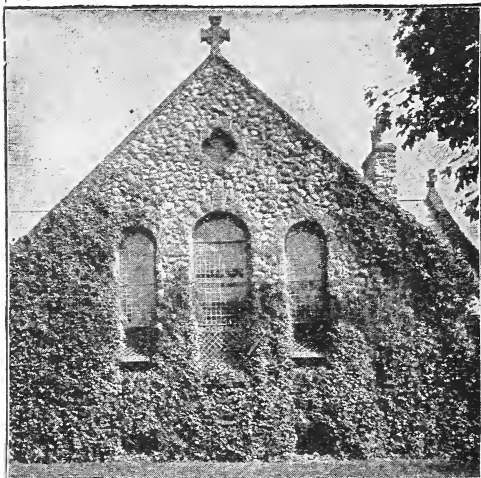

Henryi. Usually five-petaled, immense, pure white single blooms.

Madame Edouard Andre. Ordinarily with six petals, good sized, deep, velvety crimson in color. The finest red.

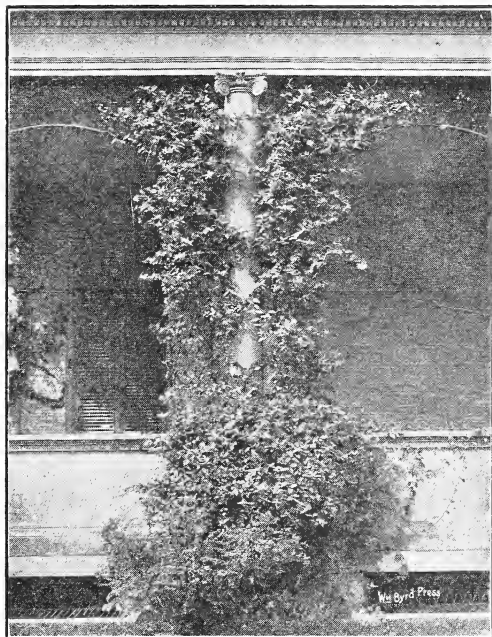

Ramona. Flowers of gigantic size—six inches in diameter—and of a fine light blue color.

Duchess of Edinburgh. With very double white flowers. Clematis need rich soil to feed in and water and proper support just above the ground. Given these, they yield as fine beauty and as much of it as anything in the garden.

Price.....	Per 10	Each
Strong two year vines.....	\$6.00	\$0.75

Ampelopsis Veitchii.

Climbing Honeysuckle.

HEDERA HELIX. English Ivy. When you read of old "Ivy-mantled towers," it means the English Ivy. It is evergreen, with glossy, thick, dark green leaves. Clings to stone and grows to great height; covers walls entirely. Fine for the South but not hardy where winters are severe with sudden changes.

Price.....	Per 100	Per 10	Each
12 to 18 in., transplanted.....	\$15.00	\$2.00	\$0.25
Small plants.....	10.00	1.25	.15

HONEYSUCKLE, HALL'S JAPANESE. *Lonicera halliana.* Dark green dense foliage, almost evergreen, with fragrant white flowers changing to yellow. A good, old dependable Honeysuckle that grows rankly under any conditions.

Price.....	Per 100	Per 10	Each
Strong two year vines...\$15.00	\$2.00	\$0.30	
Medium sized vines.....	10.00	1.50	.20

HONEYSUCKLE SCARLET TRUMPET. Bright scarlet trumpet-shaped flowers.

Price.....	Per 100	Per 10	Each
Two years, transplanted.....	\$10.00	\$1.50	\$0.20

KUDZU VINE. Makes the most marvelous growth of any vine, often as much as 50 feet in a season; its large leaves makes dense shade. The flowers are rosy-purple, pea-shaped and come in August.

Price.....	Per 100	Per 10	Each
Two years...\$20.00	\$3.00	\$0.35	
One year.....	8.00	2.00	.25

Two years, transplanted.....	\$35.00	\$4.00	\$0.50

WISTERIA MAGNIFICA. An unusual and particularly handsome variety with immense clusters of large flowers, lavender-colored, in dense drooping racemes.

Price.....	Per 100	Per 10	Each
Thrifty young plants.....			\$0.20
Two year plants.....			.35

Wisteria Chinensis.

Perennials

in the afternoon. State the color or colors wanted. Each, 50c; per 10, \$4.50.

IRIS GERMANICA. German Iris. The favorite old-fashioned flags, but greatly improved in size and colors. Charles Dickens, Queen of May and Sans Souci are the kinds we grow. These varieties at: Each, 20c; per 10, \$1.50.

BULBS AND TUBEROUS-ROOTED PLANTS

CANNAS. Only a few years ago, Cannas were grown only for the beauty of their broad, tropical-like leaves; the flowers were insignificant. They have been so developed by hybridizing, that the flowers of the newest Cannas are larger than the blooms of Gladiolus and as exotic in texture and coloring as the finest Orchids. They thrive North and South, but it is in Southern gardens that their rank foliage makes them ideal bedding plants, for that gives a sense of refreshing coolness to the hot days of summer. The flowers of the newer, improved Cannas are among the most brilliant in the garden.

We grow the following selected list of varieties and can supply dormant bulbs at: Each, 25c; per 10, \$2.00.

American Beauty. Red orchid-flowered variety. Very large and attractive. Height 5 to 6 feet. Green leaf.

Black Prince. Flowers, Red Truss Oxblood. Green foliage.

Colossal. Blood-red flowers. Produced very freely the whole season.

Duca di Otrinto. Yellow with red throat. Height 4 to 5 feet. Green foliage.

The dictionary says "perennial" means "perpetual" and that is what these are. When you plant them, they are there permanently. They die down to the ground at the approach of winter, but come up again each spring, always better and larger than before. Some plants in this class brighten every month from early spring until hard frost, with brilliant color. They require no trimming nor attention. Give them fair soil, keep them reasonably free of weeds and they return their thanks with yearly smiles. They cost little; they last indefinitely; and their bright and showy colors add a lot of beauty to the garden and especially during those months when few other plants are in bloom.

CHRYSANTHEMUMS. These are the hardy Chrysanthemums, not the greenhouse kinds. They fill a place all their own in the calendar, because their blooming season is from October until hard frosts cut them down. They come in a great range of colors. In ordering, just say what color or colors you want. Each, 25c; per 10, \$2.00.

HIBISCUS. Mallow. A woody plant of rather large growth, doing best in moist places. Large single blooms of crimson, pink or white. They look best in a clump alone or surrounded by very low-growing perennials in harmonious colors. Each, 25c; per 10, \$2.00.

PEONIES. The largest and most gorgeous of all garden flowers, rivals of the Rose in popularity. Immense balls of beauty, usually heavily fragrant and superb in coloring. We offer white, pink and red. Peonies are extremely hardy; after blooming in May and June, the rich, abundant foliage is an attraction in itself. They should be planted in well-prepared beds of rich, rather moist, loamy soil, well fertilized with leaf-mold or cow manure. They require plenty of water and especially during the blooming season. In the South, they should be so placed as to get some shade

A Bed of Choice Peonies.

Eureka. Large white flowers, and are substantial. Foliage green.

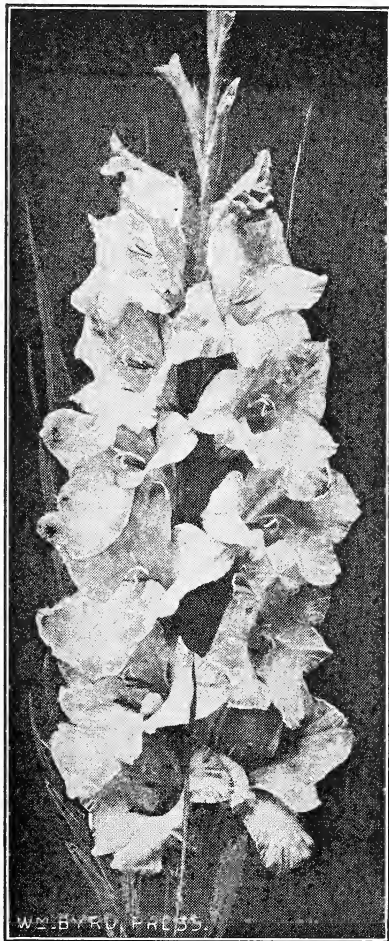

Gladiator. A bright yellow, spotted with carmine. Green foliage. 4 to 5 feet.

Gloriosa. Red tinged with yellow. Green foliage; a pleasant contrast.

Italia. Yellowish red flowers. Will thrive in any rich garden soil.

Karl Merck. Brilliant orange. A very beautiful and showy, tall variety.

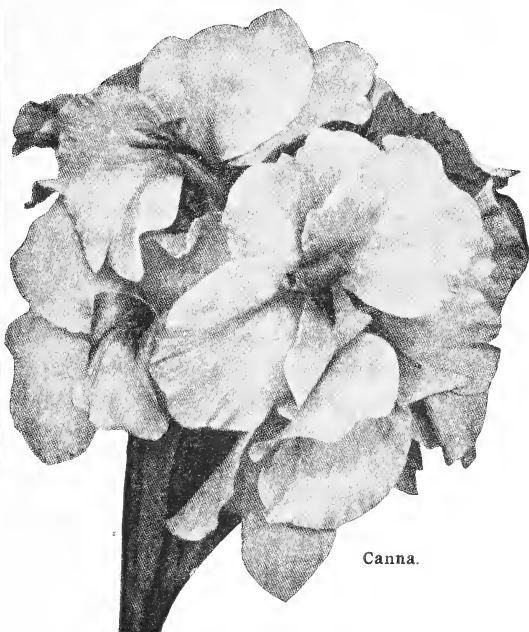

Mme. Eilda Bertie. Rich scarlet blossoms, produced on sturdy stalks.

Gladiolus.

DAHLIAS. Dahlias, too, have been wonderfully improved by crossing. They are among the finest late blooming plants in the garden. They show a wide range of color in various forms and a mixed bed will display a wealth of beauty in the late summer and early fall. We do not list ours under named varieties, but our Dahlias include many of the handsomest types. Price: Each, 25c; per 10, \$2.00.

GLADIOLUS. Another class in which crossing has produced great improvement in color, in the size of the individual flowers and in the number of blooms on the individual spike. The best are as rich in texture and coloring as an Orchid. They

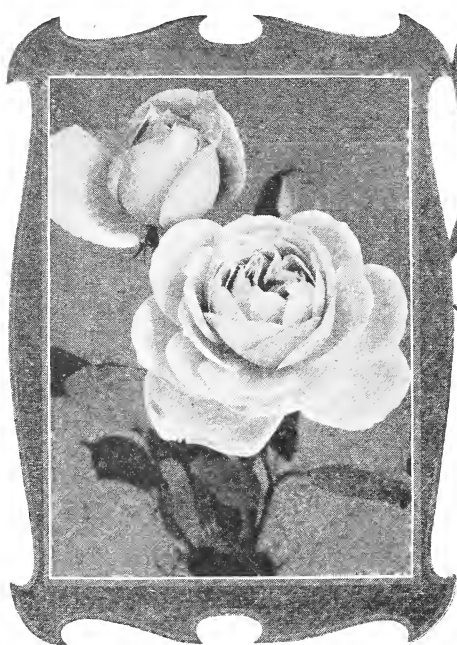

Canna.

bloom in mid-summer and when flowers are scarce. No such small investment adds so much of color to the garden. The bulbs should be planted in April and May for early blooming and then others at later dates, for later flowering. They like light sandy soil and plenty of air and sunlight. We list the following as being among the very best: **America, Mrs. Francis King, Cracker Jack and Independence.** A bed of a hundred bulbs will make a great show. Tell us how many and what varieties to send. They cost: No. 2—Each, 5c; per 10, 35c; per 100, \$3.00. No. 1—Each, 10c; per 10, 75c; per 100, \$6.00.

HYACINTH. Candicans. A valuable bulbous plant with stately Yucca-like leaves and bell-shaped flowers in July and August. They should be planted in the fall. Each, 25c; per 10, \$2.00.

Dahlia.

Roses for the Garden

MAMAN COCHET PINK. One of the finest Roses for the South. Buds of great beauty, exquisitely formed and opening to full, perfect flowers.

MAMAN COCHET WHITE. Like the Pink Cochet except in color.

MAMAN COCHET YELLOW. Similar to the last two, but yellow in color. These three Cochet Roses are among the best for Southern gardens.

MARECHAL NIEL. The finest of all climbing Roses and typical of the South where it grows to perfection. In bud or open, it is finely formed and golden yellow with delicate perfume.

MRS. DUDLEY CROSS. Beautiful creamy white with petals delicately edged with pink rosy yellow at the center; full and double flowers; strong, vigorous grower.

MRS. R. B. CANT. Attractive combination of coloring, the petals deep rose without and of lighter pink within, frequently shading to yellow at base. A good rose of vigorous, sturdy habit.

PAUL'S SCARLET. Climbing, blooming in clusters of half-double flowers of intense scarlet—the brightest red climbing rose.

Every home should have Roses. In the South where the Tea Roses are hardy, we can grow Roses unsurpassed by those of California or any other section. No other flower combines such exquisite form, refinement of texture and delicate fragrance. The range in color is wide enough to please all tastes. A bed of Roses, blooming throughout the summer, is a constant source of pleasure. And it is something easy to have, for Roses take up little room and only require good soil, well fertilized and some pruning.

If you haven't a rose bed, let us send you a dozen plants; tell us what colors you like and we will select varieties that will please you and do best where you live.

MONTHLY-BLOOMING ROSES

ALEXANDER HILL GRAY. Lemon-yellow with long pointed buds. A favorite in the South.

BESSIE BROWN. Very large blooms, creamy white tinged with pink and very fragrant.

CHARLES DINGEE. Very delicate creamy pink and quite free-flowering.

ETOILE DE FRANCE. Rich velvety crimson, beautifully formed buds and open blooms on stiff stems; makes a fine, strong plant.

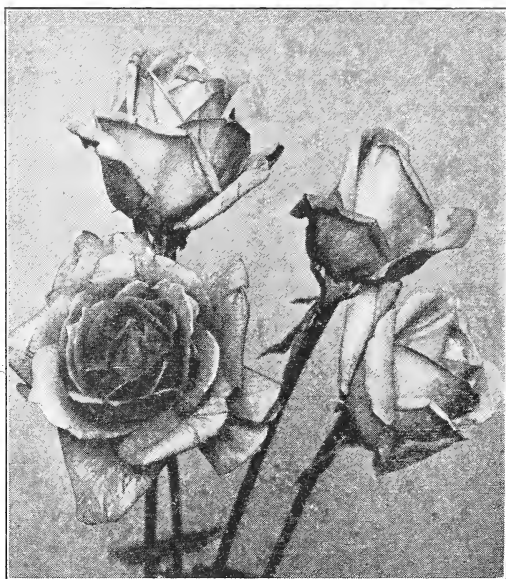

HERMOSA. Rose-pink blooms, very double; flowers in great profusion.

KAISERIN. Pure white, exquisite in bud and bloom.

KILLARNEY PINK. Pink, half double, especially fine in bud; blooms profusely.

KILLARNEY WHITE. Like the Pink Killarney except in color.

MADAME EUGENE MARLITT. Beautiful crimson blooms of exceptional fragrance; healthy and abundant foliage. Blooms constantly.

Mrs. R. B. Cant.

Gruss an Teplitz.

PINK LA FRANCE.

Who does not know this old favorite, with its large silvery pink blooms and the sweetest fragrance of any rose.

RADIANCE. A good, strong bush covered during the whole season with beautiful pink blooms. One of the very best, and everywhere a favorite garden rose.

RED-LETTER DAY. Wonderfully brilliant crimson - scarlet, only semi-double when open, but fine as to color; dazzling, in fact.

WHITE LA FRANCE. Very much like the old La France but white and slightly tinged with bluish.

Prices.....	Per 100	Per 10	Each
Heavy two-year bushes.....	\$6.00	\$0.75	
Lighter two-year bushes.....	\$45.00	5.00	.60
Strong one-year bushes.....	45.00	5.00	.60
Lighter one-year bushes.....	30.00	3.50	.40

HYBRID PERPETUAL OR SPRING AND LATE SUMMER-BLOOMING ROSES**AMERICAN BEAUTY.**

Large, full and red, but not as perfect outdoors as the florists grow in hothouses.

FRAU KARL DRUSCH-KI. Snow Queen. Buds and blooms are large, exquisitely formed, pure white and wax-like. In late summer, the outer petals are tinged with pink. Remarkably free-flowing, being almost constantly in bloom. All things considered, the best white rose in cultivation.

GENERAL JACQUE-MINOT. The fine old favorite Jack Rose; brilliant red.

GENERAL WASHINGTON. Another old favorite, with large, red, flat blooms.

GRUSS AN TEPLITZ. Really a monthly rose, but harder than that class. The blooms are large, rather loose, but brilliant, fiery red, almost crimson.

MADAME PLANTIER. Medium-sized blooms, very double and of purest white. Is extremely hardy, needs no care and grows anywhere; fine for hedging, massing or cemetery planting. Blooms only in the spring.

OLD GARDEN. Tall Red. One of the choicest, with brilliant red flowers, fragrant and very satisfactory.

MARSHALL P. WILDER. Very large and full and clear scarlet-crimson.

PAUL NEYRON. The largest flowers of any rose, bright pink and borne on strong, stiff stems.

Prices: The same as for Everblooming Roses.

HARDY CLIMBING ROSES

Climbing roses add a charm and beauty to many objects; when clambering over the porch, covering a trellis or entrance gate or when trained along the fence or hiding an old stump. They change ugliness to beauty and where beauty is, they emphasize it. The varieties we offer are hardy and lasting.

AMERICAN PILLAR. Grows in clusters, the individual blooms being single, bright pink with white centers and of large size. Strong-growing and very showy.

CLIMBING AMERICAN BEAUTY. Not quite the same as its namesake, but descended from it and a far finer rose; bright pink, nearly red, large and double and one of the few hardy climbing roses with blooms equal to those of the bush roses.

BALTIMORE BELLE, Pale blush, nearly white blooming profusely in great clusters. An old favorite but an annual bloomer.

RAMBLER BLUE. *Veilchenblau.* Violet-blue, a unique color in roses and offered only as a novelty.

RAMBLER WHITE. Hardy, blooming in large clusters and pure white.

TAUSENSCHON. Thousand Beauties. Large clusters of blooms which are larger than those of the Rambler class, the same cluster containing all shades from pure white through pink to red and even touches of creamy-yellow.

TENNESSEE BELLE. Similar to Baltimore Belle but more pink.

ROSERIE. Clusters of deep pink blooms. Recommended as always satisfactory.

DOROTHY PERKINS. Shell pink blooms, very double, small flowers but growing in immense clusters. The best pink rose in the Rambler class.

DOROTHY PERKINS WHITE. Identical with the Pink Dorothy Perkins, but pure white.

EXCELSA. A brilliant crimson variety, otherwise like Dorothy Perkins.

CRIMSON RAMBLER. Fine as a climbing or running rose; crimson in large clusters. The foliage is rich dark green.

DR. VAN FLEET. A hardy climber with large flowers as fine as those of the best bush roses. Delicate flesh pink.

DAYBREAK. A rapid grower; flowers single pink, in clusters.

EVERGREEN GEM. Very hardy, a free grower, with creamy white blooms.

EMPRESS OF CHINA. Very hardy, grows vigorously and has dark pink flowers in clusters.

LADY GAY. Almost identical with Dorothy Perkins; small, double pink blooms, in large clusters.

WICHURAIANA. Memorial Rose. A creeping or trailing variety with almost evergreen foliage and attractive single white flowers.

Price.....	Per 100	Per 10	Each
Very strong, two years.....	\$30.00	\$3.50	\$0.40
Lighter plants, two years....	20.00	2.50	.30
Strong, one year.....	20.00	2.50	.30
Lighter, one year.....	12.00	1.50	.20

VERY DWARF or BABY ROSES

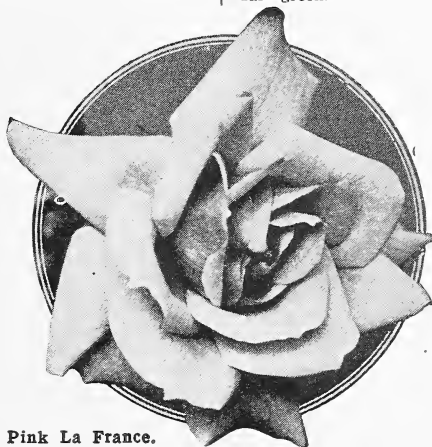

These are low-growing, very bushy plants rarely attaining more than 18 inches or 2 feet height. They are everblooming.

BABY RAMBLER CRIMSON. Very similar to Crimson Rambler, but quite dwarf, bushy and always in bloom.

PINK BABY RAMBLER. Similar to above, but pink.

ORLEANS. A brighter red than the original Baby Rambler.

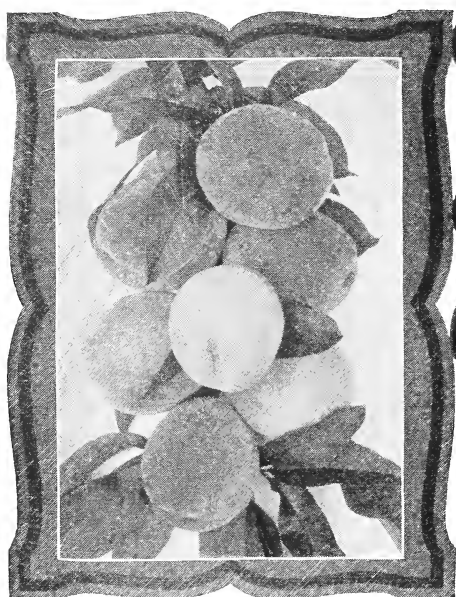

Price: Same as Hybrid Teas and Hybrid Perpetuals.

Pink La France.

White Killarney.

Fruits

BEN DAVIS. A large handsome red-striped winter apple. The tree is vigorous, hardy and bears heavily. The quality is not high, but the variety keeps a long time.

BLACK TWIG. A good-sized early winter apple resembling the Winesap; bears well and is of very good quality.

DELICIOUS. One of the best known and most popular varieties; literally, of delicious flavor and highest quality; sweet rather than acid and very juicy. Ripens early winter.

EARLY HARVEST. Pale yellow, good quality, bears regularly; an early variety recommended for the home orchard.

GRIMES GOLDEN. A high quality apple of delicious flavor; hardy, very productive and a favorite in home orchards.

RED JUNE. A handsome red apple with tender flesh of first-rate quality; one of the most popular early apples.

STAYMAN WINESAP. Larger than the old Winesap, of the same fine quality, rich and juicy. An early winter apple that keeps well.

ROME BEAUTY. Large, round, red, juicy, and of good quality; bears early.

YELLOW TRANSPARENT. One of the earliest to ripen; pale yellow and of good quality; the tree is vigorous and does well nearly anywhere.

PEACHES

Price.....	Per 10	Each
12 to 18 in.....	\$1.75	\$0.20
2 to 3 ft.....	2.15	.25
3 to 4 ft.....	3.00	.35
4 to 5 ft.....	4.00	.45

BELLE OF GEORGIA. Very large, white, with a decided blush; firm, white flesh of delicious flavor. Bears regularly.

CARMAN. Large, roundish, with a pale yellow skin; flesh white and sweet. Ripens here about July 1st, is very hardy and a good all-around peach.

CRAWFORD EARLY. Large, rather oblong, with yellow skin and yellow flesh; of excellent quality.

EARLY ELBERTA. Like the Elberta, but ripens a little earlier.

ELBERTA. The staple, standard peach wherever peaches are grown. A large, yellow peach, shaded with red; yellow flesh. Dependable as a regular and uniform bearer.

HILEY. Large, creamy white with a red cheek; white fleshed and juicy. Ripens around the first of July.

INDIAN BLOOD CLING. Red-fleshed, very firm; fine for preserving and pickling.

J. H. HALE. The beautiful peach that Hale, the Georgia Peach King, gave his name to. Large, round, yellow and nearly covered with red. Very firm fleshed and of fine quality.

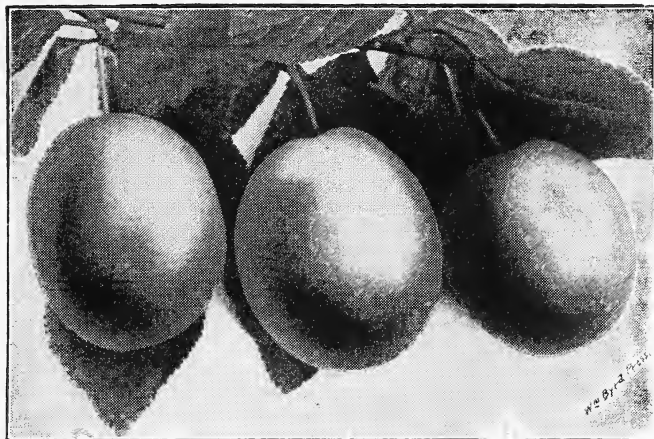

RED BIRD. Creamy white, nearly covered with red; a semi-clingstone like most very early peaches.

APPLES

Price.....	Per 10	Each
18 to 24 in.....	\$1.75	\$0.20
2 to 3 ft.....	2.15	.25
3 to 4 ft.....	3.00	.35
4 to 5 ft.....	4.00	.45

Delicious Apple.

Plums.

PEARS

Price.....	Per 10	Each
2 to 3 ft.....	\$4.50	\$0.50
3 to 4 ft.....	5.00	.60
4 to 5 ft.....	6.00	.75

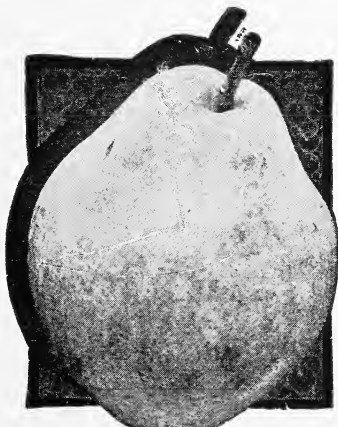

BARTLETT. Best known and a great favorite; golden yellow with red cheek, fine-grained, melting, of delicious quality; bears when very young.

LINCOLN. Almost free of core and seeds; large, golden yellow; grows well, is productive and very hardy.

KEIFFER. Large, yellow with red cheek; tree very strong-growing, healthy and hardy; bears heavily and regularly. Keiffer is not a high quality pear, but it is good for canning and cooking and it is always there with pears every year.

GARBER. Of the same type, quality and habit of Keiffer, but ripens earlier.

EARLY HARVEST. Large, yellow with red cheek; tree strong and healthy and bears regularly; recommended for early fruit.

Pear.

LOCATION

McMinnville is located on Sparta branch of N. C. & St. L. Ry., 30 miles from Tullahoma, which is on main line, half way between Nashville and Chattanooga. Our nurseries are two and one-half miles southeast of McMinnville. We are glad to have those interested visit our nurseries. Visitors are always welcome.

PLUMS

	Per 10	Each
2 to 3 ft.....	\$5.00	\$0.60
3 to 4 ft.....	6.00	.75

ABUNDANCE. One of the largest, best and hardiest of the Japanese plums. Pale amber, turning to red; yellow, sweet flesh.

BURBANK. Large, deep red with yellow flesh; juicy and sweet; tree vigorous and strong.

RED JUNE. Early; red, with yellow flesh.

CHERRIES

Price.....	Per 10	Each
2 to 3 ft.....	\$5.00	\$0.60
3 to 4 ft.....	6.00	.75

BLACK TARTARIAN. The favorite Sweet Cherry; fruit large and very dark red, almost black when ripe; flesh firm and of delicate, high quality.

EARLY RICHMOND. Bright red; very early; a popular Sour Cherry; hardy and makes a neat, compact tree.

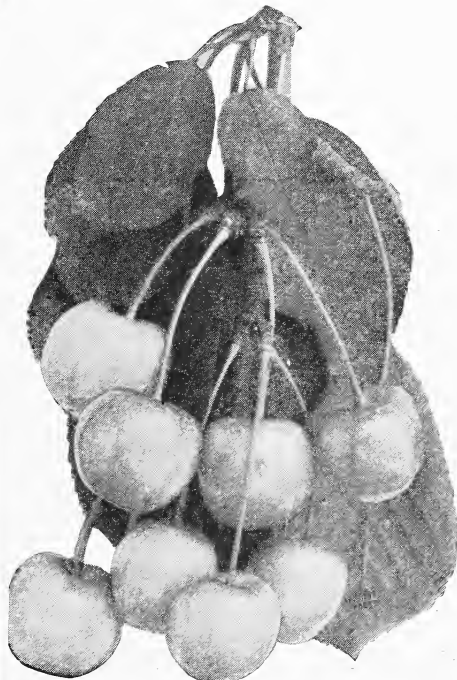

MONTMORENCY. A red Sour Cherry similar to Richmond, but ripening later.

GRAPES

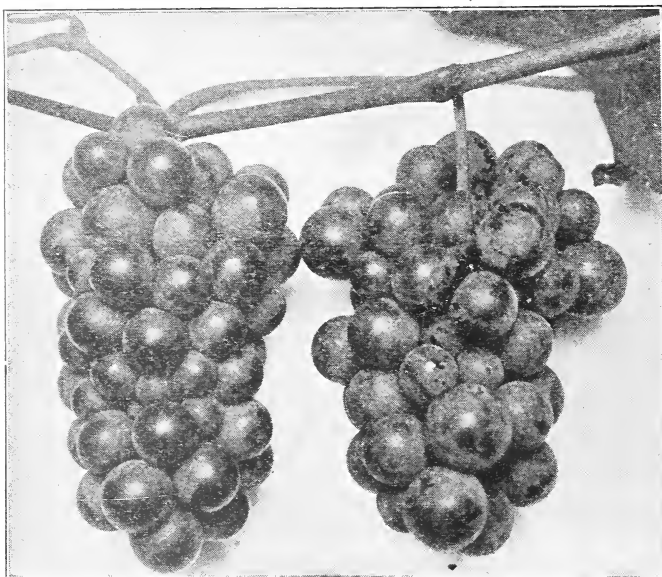

Price.....	Per 100	Per 10	Each
Strong, two-year vines.....	\$15.00	\$1.75	\$0.20
Strong, one-year vines.....	10.00	1.25	.15

RED GRAPES

AGAWAM. Large berries in medium bunches; soft, sweet pulp and thick skin. Early.

Cherries.

Grapes.

RED GRAPES—Continued

BRIGHTON. Medium to large berries in large, compact, shouldered bunches. Juicy, sweet and good quality.

DELAWARE. Berries and bunches both small, but the quality is most delicious and rich; the most popular red grape.

BLACK GRAPES

CONCORD. The best known, most widely planted most popular of all. Large berries and bunches, superior in quality and worth planting in every garden.

MOORE'S EARLY. Very good in every way; similar to Concord, but earlier.

WORDEN. Ripens just a few days ahead of Concord.

WHITE GRAPES

DIAMOND. Similar to Concord, only white.

MARTHA. Early, in medium-sized bunches.

BLACKBERRIES

	Per 100	Per 10	Each
Price.....	\$6.00	\$0.80	\$0.10

EARLY HARVEST. One of the earliest; good; the leading variety.

ELDORADO. Large, with small seeds and no hard core.

SNYDER. Medium size, very good, productive and hardy.

RASPBERRIES

	Per 100	Per 10	Each
Price.....	\$6.00	\$0.80	\$0.10

COLUMBIAN. Purple; very large; prolific; one of the very best.

CUMBERLAND. Black; mid-season.

GREGG. Black; extra large.

KANSAS. Black; large berries; early.

LOUDON. Red; very large berries; wonderfully productive.

ST. REGIS EVERBEARING. Red. Bears its principal crop in the spring and then lesser crops throughout the entire summer.

FIGS

Figs do well in most of the Southern States. Where the winters are severe, they should be planted in sheltered situation, like the south side of buildings.

	Per 10	Each
2 to 3 ft.....	\$3.00	\$0.35

Painesville, Ohio,

December 7, 1925.

FOREST NURSERY CO.,

McMinnville, Tenn.

Gentlemen:

We have received the Cedars which you have shipped us in excellent condition, the stock was nice and fresh, was packed properly, and we think that most of them will grow in pots so that they can be grafted.

Very truly yours,
KALLAY BROS. CO.

Bowling Green, Ky.

FOREST NURSERY CO.,

McMinnville, Tenn.

Dear Sirs:

The shipment arrived in fine shape, and I am certainly delighted with the quality. I will know where to buy fine privet now. It is the best quality I've been able to buy lately.

HELSEY-TOPMILLER

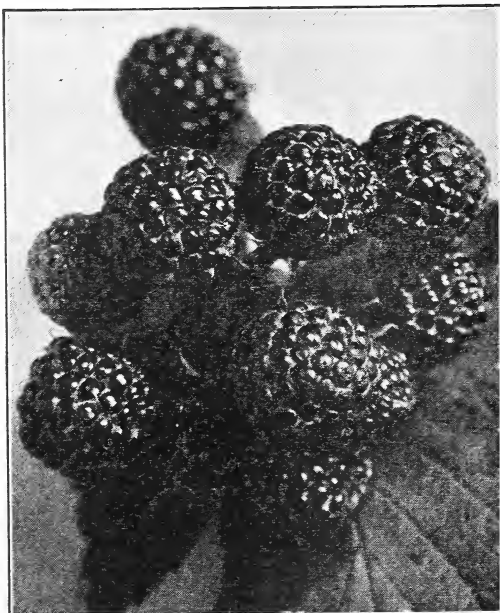

BOYD BROTHERS,

McMinnville, Tenn.

Dear Friends:

You will recall that I have ordered from you past two or three seasons various shrubs for our Delta Park Commission; these plants have been very satisfactory.

Your truly,
HERBERT CHASE.

Eldorado Blackberries.

Let Us Help Beautify Your Grounds

THE growing popular appreciation of things beautiful is, today, nowhere more strikingly evidenced than in the tendency toward home decoration, both indoor and outdoor. To attain ideal results it is highly important that your grounds be carefully studied and planned by those who have made a study of landscape design.

This work includes the making of surveys, plans of grounds and gardens, large or small; public grounds and land sub-divisions. Special attention is paid to planting plans showing the proper grouping of plants.

Write us for more detailed information.
